ECLIPSES.

In the year 1887 there will be four eclipses, two of the sun and two

- I. A partial eclipse of the moon, 1887, February 8th, visible in C.
 Moon enters Penumbra, Feb. 8th, 2.43 a.m.
 Moon enters Shadow.....3.56 a.m.
 Middle of Eclipse.....5.04 a.m.
 Moon leaves shadow.....6.12 a.m.
 Moon leaves Penumbra.....7.24 a.m.

Magnitude of the eclipse = 0.44 (moon's diameter = 1.)

II. An annular eclipse of the sun, February 22nd, visible only in S. America and S. Pacific Ocean and part of Australia.

III. A partial eclipse of the moon, August 3rd, invisible in Canada.

IV. A total eclipse of the sun, August 18th, visible in Europe, Northern Asia and the N. Pacific Ocean.

Venus will be an evening star to Sept. 21st, then a morning star.

Jupiter will be a morning star to April 20th, an evening star to November 8th and a morning star the remainder of the year.

Saturn will be an evening star from January 9th to July 18th, then a morning star.

THE SEASONS.

Sun enters Aries—Spring begins.....March 20th, 10 p.m.
 Sun enters Cancer—Summer begins.....June 21st, 6 p.m.
 Sun enters Libra—Autumn begins.....Sept. 23rd, 9 a.m.
 Sun enters Capricornus—Winter begins.....Dec. 22nd, 3 a.m.

 COLLECTION of CANADIANA

SPECIAL NOTICE.

We desire to call the reader's special attention to the **TESTIMONIALS** throughout this publication, and particularly to those which are illustrated with a likeness of the parties cured by the use of Burdock Blood Bitters, these being a few examples from among hundreds in our note-book of **MOST REMARKABLE CASES** and wonderful cures. In justice to all concerned, we may say that the idea of presenting these portraits only occurred to us a short time previous to publication, hence the limited number given, and especially of those residing in the United States. The medicine having first originated in Canada, our Canadian house was the most favored in obtaining portraits of parties cured. Any of these parties may be written to, enclosing stamp for return postage, when they will gladly authenticate the statements made in their testimonials, or furnish further particulars regarding what they consider the most **MARVELOUS CURES** on record. The publishers of this Almanac will be glad at any time to furnish **BONA FIDE TESTIMONIALS** to the satisfaction of any applicant regarding many other **WONDERFUL CURES** made by that **WONDERFUL MEDICINE, BURDOCK BLOOD BITTERS**.

Address **T. MILBURN & CO., Toronto, Ont.**

POPULAR PREJUDICE—OBJECTIONS ANSWERED.

"I have no faith in patent medicines," says the skeptic, "they are only made to sell, their composition is a secret, the mixture is patented, and they are advertised to cure everything." Such are the common doubts expressed by some one almost daily, in spite of the thousands of testimonials in favor of the preparations. "Oh," they say, "it is easy to get up certificates of cure; most of them are fictitious." Now such objections as these are very unreasonable and unjust. Because humbug, deception and counterfeiting exist in the world, it is unwise and unjust, as well as ungenerous, to class all under that head. "They are gotten up to sell," but what of that? So is every useful commodity. "They are advertised." So should every valuable product be that is beneficial to the public. "They are secret preparations, we don't know what they are made of." No more do you know what you take when a regular physician prescribes and a druggist compounds. It is written in Latin, and you cannot guarantee the purity, the nature or the effect of the medicine in every instance. "But," says the objector, "proprietary medicines are patented." Well, so is every other valuable discovery, and that it is worthy of being patented only testifies of its merit rather than otherwise. Every good physician has his favorite prescriptions, and as a rule he keeps them a secret, well knowing that he can compound them and prescribe them with safer and better results than could the inexperienced. Suppose, for instance, we revealed the formula for Burdock Blood Bitters, how few could select the best articles and properly compound them in domestic practice? "But," says the skeptic, "patent medicines are shot-gun prescriptions, loaded

to scatter at random, and may hit something, but how can one medicine cure everything?" We do not claim Burdock Blood Bitters to be a cure-all. What we do claim, however, is that by acting upon the four cardinal or chief points of health, the Stomach, the Liver, the Bowels and the Blood, it will surely regulate certain conditions upon which a large proportion of chronic diseases depend. How great a number of diseases are due entirely to bad blood, low vitality, poor circulation and an irregular action of the stomach, liver, bowels and kidneys. Open Nature's channels for the outlet of poisonous, worn-out matter, purify the blood and strengthen the enfeebled system and you source of disease is gone. There is no random guess-work in that. To those educated in the old folly of doctoring symptoms this may seem new and strange, but the true philosophy is to regulate the bowels, remove constipation, promote healthy bile and make pure blood to circulate freely through the body, carry off all waste matter that obstructs the channels of health and creates disease. The cause removed, the symptoms will soon take care of themselves. Regarding testimonials, the proprietors of Burdock Blood Bitters challenge the world to find *one among our thousands* that is not honest and genuine. It would not pay any reputable firm to publish false statements or recommend inferior preparations. There must be merit to insure years of success, and the many strong testimonials from grateful individuals whose health has been restored after all hope had fled, speaks volumes for the merits of Burdock Blood Bitters, whose history is unparalleled in the annals of modern medicine. Read our testimonials of remarkable cures of chronic disease, put them to the utmost test, and you can but acknowledge that our statements are reliable in every particular.

DYSPEPSIA.

SYMPTOMS.

Variable Appetite,
Faint Knawing at
Pit of Stomach.

Rising and Souring
of Food.

Heartburn.

Wind in Stomach.

Headache.

Constipation.

The principal common diseases of the stomach are Indigestion, Dyspepsia, Gastric Irritation and Canker.

INDIGESTION.

Although Indigestion and Dyspepsia are used commonly as meaning the same thing, yet there is this difference:

Indigestion may exist from various causes without Dyspepsia, but Dyspepsia can not exist without Indigestion; it is, therefore, the primary condition of all dyspeptics, and has symptoms in common with many cases of the chronic form of Dyspepsia, and requires similar care and treatment. Gastric Irritation and Canker of the Stomach are the results of Indigestion, and may be either acute or chronic.

CAUSE.—Too hearty eating; eating too rapidly; too free use of stimulants; too much greasy and animal food—gravy, pastry, cheese, pickles, etc.; neglected constipation; bad air; lack of exercise; hurrying to hard work—either physical or mental—immediately after eating, is the source of many stomach troubles.

CURE.—Regulate the diet and mode of living; take active exercise, but not too soon after eating; shun stimulants; avoid late hours, rapid eating, and overtaxing the stomach; regulate the bowels; avoid drinking at meals; abandon all narcotics, such as tea, coffee, tobacco, liquors, etc., as far as possible. Eat only plain nourishing food. Milk or pure water is the best drink. Take Burdock Blood Bitters, which regulates the bowels, promotes perfect digestion, makes pure blood, tones the stomach, regulates the liver and kidneys, and thus restores perfect health and strength to the debilitated system.

Burdock Blood Bitters

CURES DYSPEPSIA

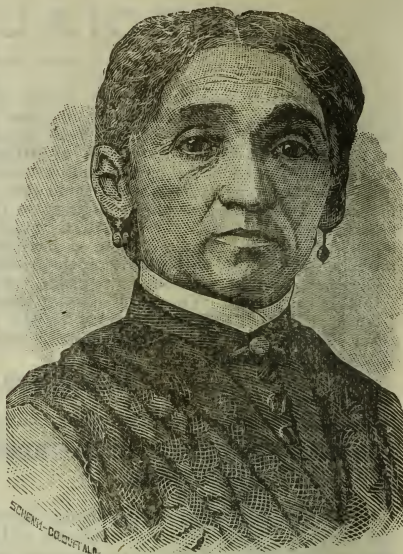

in its worst form, having cured cases that had lingered for 15 years, resisting all other treatment. Read the remarkable cure of Mrs. Halwig, whose statement is given.

I have had an awful cough for about three years, and have had a bad stomach. I have taken three bottles and a half of Burdock Blood Bitters, and now my cough is all gone and my stomach is in good condition. I doctored with a physician here about a year and he did not do me as much good as one bottle of Burdock Blood Bitters.

HARVEY SEEMON,
Zanesville P.O., Ont.

Jan. 17, '86.

TESTIMONIALS.

I am very happy to express my joy. For fifteen years I have suffered with Dyspepsia, and latterly my food did not digest. I grew weaker every day, and was hardly able to do an hour's work. After a while I lost my appetite and lived in very little hope of ever being cured. I tried many different remedies, but all in vain. In spring of '84 my daughter induced me to try Burdock Blood Bitters, and from the first bottle my appetite improved. I then got more, and, after taking four bottles, I felt like myself again, and I thank God that I to-day enjoy good health. I advise all who are afflicted with Dyspepsia to receive a cure by using this medicine.

Mrs. M. Halwig

Jan. 25, 1886. 149 Lansing Street, Utica, N.Y.

(The above engraving is an excellent likeness of Mrs. Halwig, taken from her photograph after she had been restored to health by Burdock Blood Bitters.)

I have much pleasure in stating my case. I was taken very bad with Dyspepsia, unable to work, tried the doctor's medicine, but did not derive any benefit from it. I procured a bottle of Burdock Blood Bitters. The first bottle had but little effect, but by the time I had the second one taken I was like a new man.

March 5th, 1886.

HENRY BROOKS,
North Bruce, Ont.

I was a great sufferer from Dyspepsia for several years, and after several physicians and a host of remedies had failed to relieve me, I was recommended by my druggist to try Burdock Blood Bitters. I did so with grand results, and do not hesitate to give it the highest recommendation to any suffering from Dyspepsia.

August 27th, 1886.

R. H. BROWN,
Kincardine, Ont.

CONSTIPATION.

SYMPTOMS.

Inactive or Irregular Acting Bowels,
Pain Across the Bowels,
Accumulation of Wind,
Straining at Stool,
Piles, and often Fistula,
Sallow Complexion,
Headache,
Eruptive Sores.

There is probably no organic action more important to health than that of the Bowels, being one of the principal channels to carry off morbid matter and foul accumulations, which, if long retained in the system, would poison the blood and cause disease. Any irregularity in their action is always a serious matter that should receive

prompt attention. In fact, many cases of Diarrhoea are but an evidence that Nature is trying to remove from the system some foreign irritating or injurious substance. Without a regular action of the bowels there can be no perfect health. When the bowels are clogged, impure blood, headache, piles, humors, fevers and many other ills, occur and serious disturbance generally is the certain result.

CAUSE.—Neglect of regular habits; food hard to digest; torpid liver; spices, stimulants and astringents; too free use of cathartics, etc., of a harsh nature, which destroy the tone of the stomach, liver and bowels. Healthy bile being the natural cathartic or regulator of the bowels, therefore a torpid liver that fails to secrete such bile is the most certain cause of Constipation.

CURE.—Eat ripe fruit and vegetables, oatmeal, coarse bread, mush and molasses, broths, etc. Shun harsh physic. Be strictly regular at efforts to evacuate the bowels. Correct the inactive liver and biliary organs with that best of all regulators, Burdock Blood Bitters, which tones and regulates the bowels, promotes the flow of bile, which keeps the blood pure and healthy, and secures a natural action of the bowels, without weakening the digestive organs in any manner. Burdock Blood Bitters never fails to promptly relieve, and permanently cure, the most obstinate cases of Constipation. You have but to take a few doses to become convinced that you have found the right medicine at last.

It is a great success. I used it for Constipation and it works wonderfully on the system. It gives new life. I refer to Burdock Blood Bitters.

MRS. A. MULLIN,

Dec. 13, 1885. 33 Orange St., Manchester, N.H.

I have used four bottles of Burdock Blood Bitters for Constipation and think myself entirely cured. It is the most effectual remedy for this disease that I have ever heard of.

FRED CONWAY,

Nov. 27, '85. Haverstraw, Rockland Co., N.Y.

TESTIMONIALS.

I had almost given up all hope of ever being cured of Constipation and very bad headaches. I have taken almost everything in the line of drugs for my complaints. A friend recommended Burdock Blood Bitters to me. The first bottle I took gave me great relief, and I now take this medicine as regularly as I take my breakfast. It is of more value to me than all the world contains.

J. PENDLEBURY,

Dec. 27, 1885. 13 Nepperham Ave., Yonkers, N.Y.

I have been a victim for years to aggravated Constipation. Sometimes nearly a week would pass without any movement of the bowels. When in Syracuse recently I saw a copy of your little book, and I at once concluded to give Burdock Blood Bitters a trial. I took two bottles, and they regulated my entire system. The best thing I ever used.

H. COEN,

Redfield, N.Y.

July 8, 1885.

I was suffering from Constipation, weakness and loss of sleep. I was advised to try Burdock Blood Bitters. After using a few bottles my health was greatly improved. I recommended a young friend to try it also. After using one bottle she said that she felt like a new person. I cannot praise the Bitters too much, and the Burdock Pills are the best I ever used.

MRS. J. G. RENNIE,

Stockwell, Quebec.

I take much pleasure in stating that since using Burdock Blood Bitters I have entirely recovered from a severe attack of General Debility and Constipation accompanied with a loss of appetite, and can confidently recommend the medicine to any suffering from the same complaints.

GEORGE W. PLATT,

Dec. 10, '85.

Box 275, Picton, Ont.

We have used Burdock Blood Bitters in our family for Constipation of long standing, and can truly say that they are all you claim them to be. The Bitters were discontinued as the disease had disappeared and the whole system strengthened and much benefitted.

J. O. DALTON,

Nov. 6, '85.

Lock Drawer D, Picton, Ont.

I have used Burdock Blood Bitters with the greatest of satisfaction. Last spring I felt dull and stupid and was very costive. After taking several other medicines which failed to help me, I thought I would try Burdock Blood Bitters and it helped me so much I purchased another bottle which cured me entirely and I felt like a new man.

HARMAN L. LUTES,

Sept. 7, '85.

Lutes Mountain, N.B.

I have used one bottle of Burdock Blood Bitters for distress in my stomach and also for Constipation. It has relieved me of both.

MRS. O. I. FISHER,

March 15, '86.

Palmyra, Portage Co., Ohio.

I have been greatly troubled with Constipation, headache, loss of appetite, and weak stomach. I found great relief by using Burdock Blood Bitters. I recommend it to all. My husband is now taking it.

MRS. JAMES A. ERWIN,

March 23, '84.

Little Falls, N.Y.

Burdock Blood Bitters is a good medicine. My wife takes it to relieve costiveness and headache. It is priceless.

THOS. D. AVERY,

Feb. 26, '85.

Grand Rapids, Ohio.

JANUARY, 1887.

A HAPPY NEW YEAR is our wish to be sure;
Take BURDOCK BLOOD BITTERS and keep
your blood pure.

WIT AND WISDOM

One touch of nature makes the whole world kin—even if the touch comes in the form of an earthquake.

They have found an almanac which is 3,000 years old. Now we shall expect some new and original puns as soon as the jokes in that almanac get to be known.

"Yes," said a husband, sadly, "my wife is a devotee of the red flag. The very sight of one arouses her to a high pitch of excitement." "Surely she can't have any sympathy in common with such cut-throats?" "Yes, she has." "What, Anarchists and Socialists?" "No; auctioneers."

I have used your Burdock Blood Bitters for my Dyspepsia and Sick Headaches. It has entirely cured my Headache, and my Dyspepsia is rapidly disappearing.

March 10, 1886. MICHAEL NETHERCOTE,
Box 732, Waltham, Mass.

A young man asks: "How can I gain a copious flow of language?" We suggest that he should try sitting down on a tack.

"Good morning, Mrs. Gilligan; how is Patrick this morning?" "Sure, he's no better, sir." "Why don't you send him to the hospital to be treated?" "To be treated, is it! Faith an it's the delerium trimmins he has already."

I have taken one bottle of Burdock Blood Bitters for Sick Headache and Lame Back. It is the best remedy I have ever used, and good for all you recommend it. I hope others will use it.

Jan. 26, 1886. M. L. PHILLIPS,
Mellenville, Col. Co., N. Y.

"How does your son get along, Charley?" "Oh, pretty well, only that he is a little puffed up with his own importance; knows more than his father, you know." "Ah, then the boy is not quite an idiot!"

"Misery may like company," says a colored philosopher, "but I'd rader hab de rheumatism in one leg den hab it in bof." No need to have it in either, if you use Yellow Oil.

A young man wants to know how to bring out a mustache. Tie a cord around it tightly, hitch the cord to a post, and then run backward.

Erysipelas has continually troubled me in my face. Two bottles of Burdock Blood Bitters has completely cured me.

Dec. 8, 1885. EMMA KEEBS,
New Martinsville, Metzell Co., W. Va.

"See here," he said to his clerk, "I don't mind letting you off for a day, now and then, to attend your grandmother's funeral; but I think you ought to have the courtesy to send a few of the fish around to my house."

BILIOUSNESS and LIVER COMPLAINT.

SYMPTOMS.

Yellow Eyes,
Sallow Complexion,
Pain Under Right
Shoulder,
Alternate Costive-
ness & Diarrhoea,
Tongue Coated,
Dull Spirits,
Weariness,
Sick Headache,
Variable Appetite,
Poor Circulation,
Debility, etc.

Nearly every one during some period of the spring, summer and autumn months, suffers from Biliousness, which is often induced by a disordered state of the stomach or imperfect digestion and torpid liver. In the colder months, when the air is more bracing with oxygen, the system will bear more hearty food of a stimulating or greasy nature—the appetite is more vigorous and the result is that people often eat too heartily, and when the cool, bracing atmosphere is gone and the warm weather appears, the blood overcharged with bile gives rise to biliary troubles, and especially so when the bowels are inactive, so that the bile is not carried off in its natural channel. Hence Diarrhoea often results with dizziness, vomiting, purging, and other bilious symptoms. Jaundice, or Yellow Skin, is caused by an overflow of bile into the blood. Serious cases of Bilious Fever result from the same cause, namely—bile-poisoned blood.

CAUSE.—The liver being the largest glandular organ, and a filterer of the blood, is oftener diseased than most other organs, both in animal and human beings. Its chief office besides is to secrete bile, which is the natural cathartic to the bowels. Whatever, then, deranges the blood or bile—as improper food, bad drinks, bad air, cold, malarial poison, bad drainage, etc., or whatever will clog up the bile ducts—will induce Liver Complaint.

CURE.—The diet should be plain and nourishing to make pure blood and healthy bile. Shun the causes above enumerated, as in Dyspepsia. Keep the bowels free, and the digestive powers active, and arouse the sluggish liver with that grand liver regulator, Burdock Blood Bitters, which acts at the same time upon the bowels, stomach and blood, while it regulates and strengthens every organ.

Ten Years of Torture.

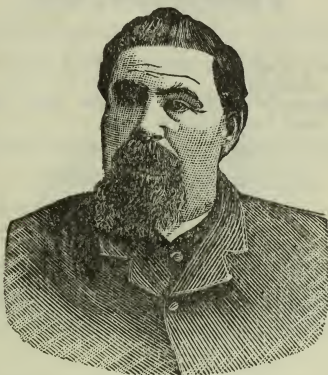

Burdock Blood Bitters is the best medicine I ever used. I have been a sufferer with liver complaint for the last ten years and have been using doctors' medicine which never seemed to do me any good, till I was advised to try Burdock Blood Bitters. I am thankful to say that it has cured me of liver complaint and several other complaints. I thank God I am like a new woman again by the use of four bottles.

MRS. THOMAS ACRES,

Jan. 20, '86.

Third Line, Huntly, Ont.

TESTIMONIALS.

MALARIAL FEVER AND AGUE.

My cry has always been: "Away with all your patent medicines," they are all trash! But stop! there is one grand exception! and to the delight of my soul, that exception fell upon Burdock Blood Bitters. "But," say one, "How do you know?" I speak from personal experience. Two years ago I was taken with chills and fever, my family doctor—of twenty-five years—gave my case up, and advised me to seek some water-cure. I went, but I came back worse off than ever. The doctor tried again, but I constantly grew worse. For hours I was in a chill; and this passing off, was often in a high fever, which sometimes lasted for three days. Some called my disease fever and ague, others swamp fever, and still others congestive chills and fever. I went to Ypsilanti—my doctor advised it—for my disease baffled his skill. I spent my time and money there—all to no purpose. Discouraged, I again went back to my old physician: he failed again. One night among my mail matter I noticed a pamphlet; it spoke of Burdock Blood Bitters; and I there saw the statement of a man whose case was similar to mine. I was prejudiced against all patent medicines; but the story the man gave of his case gave me confidence. I sent to the drug store for some; and, after all other means failed, Burdock Blood Bitters brought me out all right; and it is my candid judgment and opinion that it is the best blood purifier ever presented to the world. I was given up to die by my friends; but your medicine—after taking twenty-six bottles of other medicines—cured me, and I am to-day as well and hearty as I ever was in my life.

To the foregoing I am ready to take my oath.

Edward Pelton

Justice of the Peace, Grass Lake, Mich.

NOTE.—Our artist has reproduced an excellent likeness of Mr. Pelton, who will be happy to correspond with all enquirers who enclose stamp for return postage.

I have had liver complaint for several years, I had such a pain in my shoulder that I could not sleep at night, and never could get any thing to do me any good until I took Burdock Blood Bitters. I took four bottles with good success. It removed the pain and I felt like a different person. I would recommend it to any for liver complaint.

WISE AND OTHERWISE.

A small country seat—the milk stool.

"Hello, Brown, I see you and Miss Jones are not so intimate as formerly?" "No. She is a nice girl, but she affected me like an ague." "Affected you like an ague? How was that?" "She shook me."

"Pshaw, Helen! what a goose you are to run away from the cows that way. If they were disposed to devour any of the party they'd take your mother before they'd take you." "I can't understand why, pa!" "You can't, eh? Well, isn't she past your age, I'd like to know?"

My trouble was Erysipelas and Constipation. I have taken one bottle of Burdock Blood Bitters, and it has given me much relief. I can truly say that the medicine works like a charm.

Oct. 25, 1885.

MRS. F. M. HALL,
Box 142, Monmouth, Kennebec Co., Me.

"Fire 97," said a busy hotel clerk to the new porter. Presently the porter returned looking very much mused up. "I fired him, sor," he said; "but, begorra, for jist wan blissed moment I thought he had me."

Standing before a clergyman who was about to marry him, a rustic was asked: "Wilt thou have this woman?" etc. The man started in surprise and replied: "Ay, surely! Whoy, I kummed a puppus."

"What kind of a dog is that, my little man?" "He's a part terrier." "And what's the other part?" "Oh, just dog."

My little boy had the Erysipelas on his head very bad. Two bottles of Burdock Blood Bitters cured him and he has not been troubled with it since.

Oct. 15, 1885.

MRS. JEROME WATKINS,
Grass Lake, Mich.

Hens are very exclusive. At least each one likes to stick to her own set.

The reason why so few marriages are happy, is because young ladies spend their time in making nets, not in making gages.

She—"John, why do you spend so much time at the ball games? I hear of your being there every time they play. Don't you consider it a waste of time and money?" He—"Heavens, Alicia, don't you want me to have some sort of standing in the business world?"

I am on my fifth bottle of Burdock Blood Bitters; am taking it for Erysipelas and Headache. I find it to be the best remedy I have ever used, and good for all you recommend it to be.

Jan. 25, 1886.

MISS ARIS SWEET,
Northwood, Herkimer Co., N. Y.

A man must not expect to live in clover simply because he marries a grass widow.

BAD BLOOD.

SYMPTOMS.

Blotches,
Boils,
Eruptions,
Tumors,
Abscesses,
Bad Complexion,
Low Vitality,
Poor Circulation.

If we were asked to name the chief causes or source of disease in general we should unhesitatingly answer impure or imperfect blood. The blood is literally the life of the flesh, and there is probably no disease on record but what could directly or indirectly be traced to bad blood as its primary cause, for we hold it to be a self-evident truth that, with pure healthy blood coursing freely through the veins to nourish and sustain the body, that body must be in a condition of perfect health. What the sap or juice is to the tree or plant, the blood is to the human frame. The blood often becomes loaded with poisonous matter, from irregular acting bowels, or with bile from an overcharged and torpid liver, or with an excess of uric acid from the kidneys, this latter causing Rheumatism and Neuralgia. And the poisonous secretions that should escape through those natural outlets, the bowels, kidneys and skin are circulated through the system in the blood, and break out humory eruptions and sores; or, if confined, lead to fevers, inflammations and other diseased conditions of the system.

CAUSE.—Scrofulous constitution or hereditary taint in the system, bad air, improper diet, and manner of living, bad drainage, inactive bowels and kidneys, weak lungs, torpid liver, and many other obvious causes, including want of cleanliness. As imperfect organic action makes bad blood, so, too, bad blood, in turn, makes imperfect action of every bodily organ.

CURE.—Observe strictly all the laws of health; keep the skin clean; the bowels and kidneys in perfect working order to carry off poisonous matter; avoid high living; have access to pure air and healthful exercise; eat plain nourishing food, and take Burdock Blood Bitters, the great key to health, which unlocks all the secretions by acting upon the four cardinal points of health—the Stomach, Liver, Bowels and Blood. In this manner Burdock Blood Bitters makes pure blood and insures perfect health.

Salt Rheum.

My wife has been troubled many years with Salt Rheum in the hands, and three bottles of Burdock Blood Bitters has cured them. You can make use of this if you choose.

March 25, '86.

JOHN HORNER,
Adolphustown P.O., Ont.

I have used Burdock Blood Bitters for Humor of the Scalp with good results.

WM. E. SMITH,
Box 20, Tilbury Centre, Ont.

TESTIMONIALS.

THE BLOOD.

I can truly say that Burdock Blood Bitters has done great good for me. Five years ago I received a fall which injured my side and did severe injury to my left lung. My blood became very impure, and I suffered greatly from sick and disordered stomach and shortness of breath, so that I became very much prostrated. All other means that I tried having failed I resorted to Burdock Blood Bitters, and after taking three bottles my health was restored, and I then felt like a new man.

I can recommend Burdock Blood Bitters to all who are broken down in health, and may be suffering as I was from bad blood. Yours sincerely,

Robert Beard

Jarrett's Corners, Ont.

Blood Poisoning.

Last August my daughter was taken ill, she went at once to the doctor and he pronounced it a bad case of blood poisoning; all his medicine failed to relieve her sufferings which were terrible. At last a friend of mine advised Burdock Blood Bitters. Only for it, I believe my daughter would have been a corpse.

I always recommend it as a cure for all blood diseases.
April 29, '85.

SAMUEL GORMAN,
Division St., Kingston, Ont.

For the last six months I was continually breaking out in pimples or small boils, especially about my neck. I thought it was because my blood was bad. I commenced to use Burdock Blood Bitters, and when I used two bottles I stopped. Since then nothing of the kind has troubled me at all. I also had a very poor appetite, and weakness bothered me continually; in fact I thought that I should die sometimes from exhaustion caused by the least exercise or excitement. The Burdock Blood Bitters has made me feel like a new man. I feel it my duty to give it the highest praise. As a medicine I think too much cannot be said in its favor; it is indeed the best blood mixture I have taken yet, and while I can procure it I will never have anything to do with any other medicine. In fact, if I always use it I won't need any other kind.

CONSTABLE JAMES H. BURKE,

PUNGENT PARAGRAPHS.

A cold snap—breaking an icicle.

A country youth wishes to know “how long girls should be courted.” “Why, the same as short girls, of course.”

Little Boy (to very stout lady visitor)—“Wasn't you single before you married Mr. Slimley?” *Stout Lady*—“Yes, my dear.” *Little Boy* (perplexed)—“Oh, then when you married Mr. Slimley you became double, didn't you?” *Stout Lady*—“Oh, no, my dear; we became one, as they say.” *Little Boy* (conclusively)—“Oh, then, you're the one, ain't you?”

I am using your Burdock Blood Bitters, and find it to be a great benefit to me for my blood and health.

THOS. WRIGHT,

March 11, 1886.

Amawalk, N. Y.

If a man's wife is well-bred, he never wants any but-her.

When a miner has been eaten by a grizzly, the Western people speak of him as being admitted to the b'ar.

A Boston lady was making some purchases in a drug store in Kansas city recently, when a countryman came swinging along, and in a loud voice addressed the dapper clerk with: “Say, Mister, goteny caster ile?” “Certainly, sir,” he replied. “Do you wish it for lubricating purposes?” “Thunder, no! I want grease my waggin!”

I think your Burdock Blood Bitters has no equal as a blood purifier. My blood has been very bad for two years, and I have tried many remedies, but to no avail. A friend advised me to try Burdock Blood Bitters, which I did. It has cured me completely.

GEO. C. KINGSTON,

March 15, '86. Boyden House, Lynn, Mass.

“Shall I vind the clock, fadder?” asked young Jacob Isaacstein, as they were about to close the store. “No,” said the old gentleman, with a sigh, “pizness vas too pad. Choost let it alone, Jacob, und ve vill save the year and tear on the veels.”

Have you ever noticed that a hen which has just laid an egg, and a woman who has a secret are very much alike in their inability to refrain from cackling about it.

The difference between a cattle show and a horse trot is that the latter generally draws well enough to pay the expenses of both.

“Aurelia, darling.” “Yes, Arthur.” “You know we are soon to be married.” “Yes.” “And we should learn to be economical in small things.” “Yes.” “Hadn't you better turn down the gas?”

The man who “could not catch his breath for a moment” had probably been eating onions.

SCROFULA.

SYMPTOMS.

Swollen Glands,
Enlarged Joints,
Thick Lips,
Inflamed Eyelids,
Tumors,
Abscesses,
Enlarged Neck,
Pale Complexion,
Wasting of Flesh,
Soft Muscles, etc.

The signs of Scrofula vary according to the peculiar form and location of the disease. In some of its many forms it is one of the prevailing maladies of the world, old and young alike falling victims to the disease, including both sexes and all classes. Scrofula is a peculiar morbid condition of bad blood, low vitality

and imperfect nutrition, and is the predisposing cause of consumption; in fact, consumption is Scrofula of the lungs. It also leads to glandular swellings, especially about the neck, constituting what is commonly known as goitre or king's evil. Children that are commonly called "rickety" are often the victims of inborn Scrofula.

CAUSE.—Scrofula is often inherited from the bad blood of parents. Improper diet, bad air, irregular habits, lack of nourishing food, and anything that will impair the blood or render it impure will engender Scrofula. The too common use of pork has been supposed to induce it. Scrofula most frequently is found in persons of a sanguine temperament (full of blood), also in those of a lymphatic or soft fleshy temperament.

CURE.—Pure air, sunshine and healthful exercise. Wholesome, nourishing food, especially of fruits and starchy substances, such as oatmeal, etc., rare lean beef and vegetable diet, pure fresh milk and cream. Purify the blood, and nourish and build up the system with the best of all blood cleansers, blood builders and system regulators, namely, Burdock Blood Bitters, which regulates the entire glandular system, purifies it from all humors, and imparts pure, healthy nourishing blood, and gives strength to all the vital powers. Burdock Blood Bitters has cured some of the worst cases of Scrofula on record; cases which for over 25 years had baffled all other treatment. Read the testimony of a few prominent cases, which is but a sample of thousands in our possession.

Running Sore.

I have used Burdock Blood Bitters with the greatest satisfaction for cleansing the blood. I was afflicted with a running sore of the worst description which baffled the best medical skill. I was a great sufferer for three months. My life was a burden when I bought from Mr. Patterson, my druggist, Burdock Blood Bitters and applied Burdock Ointment, when I commenced to improve to the surprise of my friends.

GEORGE RUSSELL,
Aurora, Ont.

Dec. 13, '84.

TESTIMONIALS.

SCROFULA.

For upward of twenty years I endured the most awful suffering from a scrofulous abscess on my neck, and notwithstanding the skilful treatment of seventeen of the best physicians in Canada, failed to obtain relief. When I had exhausted all the resources of regular medical practitioners, I resorted to nearly all the patent medicines that promised to cure scrofulous and blood diseases, but without any benefit whatever. Finally, in an almost helpless condition, I tried Burdock Blood Bitters. Thinking that if the medicine was good when taken internally, I reasoned that it must be equally good when outwardly applied. So I wet linen cloth with the Bitters, and applied; also used it as a wash upon the sores. I took these Bitters for about four months, with the most astonishing and gratifying results, and for the first time in four years I was enabled to dispense with surgical aid, which I firmly believe I shall never require again for the same disease. More than two years have elapsed since I have had any attack of the disease, and I feel as well and safe now as if it had never affected me.

I have used Burdock Blood Bitters internally and externally for one of my children, who was afflicted with an obstinate humor of the blood, and whose face was covered with sores, now perfectly smooth and clean; also my servant treated for swelled neck, and many other cases in our parish to whom we have given and recommended the remedy.

Knowing that it cured me, and believing that it saved my life, I most earnestly and heartily recommend it to suffering humanity, and urge all who may be similarly afflicted to give it a trial, believing it to be a true specific for all constitutional scrofulous blood diseases, and unsurpassed as a rare healing remedy of great cleansing and curative power.

Faithfully yours,

William Stout

Sombra, Co. of Lambton, Ont.,
late of Warton, Co. Grey, Canada.

Abscess Cured.

Hearing of the virtues of Burdock Blood Bitters I tried a bottle for the cure of a serious Abscess that had formed upon my daughter's neck. We had tried the usual remedies with no effect, but before she had taken the entire bottle of the Bitters the abscess was cured, and her system thoroughly restored to perfect health. I cannot too highly recommend Burdock Blood Bitters for such a case as that of my daughter.

EDWIN DAVENPORT,
Feb. 10, '85. Campbellsville, near Milton, Ont.

APRIL, 1887.

Like the gentle spring rains that the rivulet fills
Is the action of our mild *Little Burdock Pills*.

Topics for the Times.

An early caller—the alarm clock.

"You mustn't touch the top of baby's head," said a mother to her little four-year old: "she has a soft spot there that is very tender." The youngster gazed at it curiously for a moment, and then said: "Do all babies have soft spots on their heads?" "Yes," "Did papa have a soft spot on his head when he was a baby?" "Yes," replied the mother, with a sigh, "and he has got it yet." And the old man, who had overheard the conversation from an adjoining room, sang out, "Yes, indeed he has, my dear boy, or he would be a single man today."

I bought a bottle of B. B. B. for bad blood. After using the second bottle I am all right and feel like a new man.

WM. MELL,

March 8, 1886. Cornwall, Lebanon Co., Pa.

"Miranda, I just hate April." "Why, Mabel? Because it's too showery?" "Oh, I don't mind the rain. But it's such a horrible misfit month. It's too late in the year for oysters and too early for ice cream."

Teacher—"What are you scratching your head for?" Scholar—"Cos I'm the only one that knows when it itches."

"Sure, Michael, they only bees wan shmall sup o' th' porridge left. Will Oi give it to the pig'er th' childer?" "Lave the pig have ut, Mary Ann, faith the kids 'll git th' binefit av ut, when he's kilt."

I have been a great sufferer from Scrofula, Headache and General Debility. I am now enjoying good health after using three bottles of Burdock Blood Bitters.

MRS. J. MILLER,

Oct. 15, 1885. Fairchance, Fayette Co., Pa.

A jar of preserves had effected a very mysterious disappearance during the night, and the fact was mentioned at the breakfast table next morning. Denials of guilt came from every side, but it was noticed that one particular youngster was silent. "And what have you to say, Georgie?" said his aunt, turning toward him. And then very honestly and solemnly came the response: "My pa don't allow me to talk at the table."

Woman's greatest glory is in her hair, and she should be very economical of it when she is cooking.

"Paul," said his mamma, "will you go softly into the parlor and see if grandpa is asleep?" "Yes, mamma," whispered Paul, on his return, "he is all asleep but his nose."

Why is the little boy like a postage stamp? He often gets stuck on a letter.

"Are fat men more polite than lean men?" asks a speculating maiden. "To be sure they are. When a fat man resigns his seat in a horse-car he can oblige two ladies instead of one."

Weather Probabilities.

Changeable, with cold rain if west wind.

frequent showers.

Cold with frequent showers.

ERYSIPELAS.

SYMPTOMS.

Fever,
Inflamed Skin,
Red Shining Swell-
ings,
Eruptions,
Blotches,
Scaling of the Skin,
Malignant Pustules,
etc.

Erysipelas, although belonging to diseases of the blood and skin, is so commonly prevalent that it deserves a special notice. It exists in two forms, acute and chronic. The acute and malignant form is a very dangerous disease, and the chronic form is often very

difficult to eradicate from the system under ordinary drug treatment; but, like most other inveterate blood diseases, it yields to the modern, common-sense methods of purifying the secretions. In the outset there are the usual signs of fever, the parts affected appearing like a burn. In the malignant form pustules of an angry nature appear, the inflammation being deep-seated. When Erysipelas attacks the head it is very dangerous. Malignant pustule may commence in a small point, like a cold sore upon the lips, may locate upon the ear, nose, etc., swelling and spreading rapidly. Chronic Erysipelas consists of small, red patches or blotches on various parts of the body, attended with itching and burning.

CAUSE.—Bad blood, errors in diet, bad air, lack of cleanliness and other sources of blood poison, such as poisonous wounds, bites of insects, etc.

CURE.—Put the patient upon a light, cooling diet, with cooling drinks, as in fever. Regulate the stomach, bowels and blood, purify all the secretions, and support the strength, while allaying irritation. An external application of a paste of starch wet with cold water, or a poultice of powdered elm bark applied cold, is very comforting and excludes the air. Tincture of iodine applied with a camel's hair pencil is used by physicians to prevent the inflammation spreading. Burdock Blood Bitters has been applied outwardly by wetting linen cloths and applying, with excellent results. Some mild cathartic, like Little Burdock Pills, should be used to regulate the bowels, and in the absence of fever, and in the chronic form, Burdock Blood Bitters should be regularly taken, to cleanse the blood, regulate the secretions and sustain the strength. Burdock Blood Bitters is the best remedy known for Chronic Erysipelas.

A year ago my head became covered with sores, and my face was all sore and even the backs of my hands; I was weak with loss of appetite, and could get no cure, so I tried a bottle of Burdock Blood Bitters, and after using two bottles with the Pills I am perfectly cured. MINNIE STEVENSON,

South Side Cocagne River, Kent Co., N.E.

Nov. 23rd, 1885.

TESTIMONIALS.

CANCER CURED.

I had what was pronounced to be a cancer on my nose. There was a spot came there some years ago and it continued to grow slowly until one year ago last winter it broke out and commenced eating very rapidly, and became a running sore, and the discharge very offensive. I went to see our family physician he advised me to go to Toronto at once to a cancer doctor and have it taken out. I was making all preparations to go the next week when a Baptist minister, Rev. Mr. Chapman, who was visiting here from the United States, and is a very skilful physician, came in and advised me not to go, but to take some blood purifying medicine; he said he had known more cured in that way than any other. So I thought I would try B. B. B. I at once obtained a bottle and the process was as follows: I first bathed the cancer with castile soap, then washed it with the Burdock Blood Bitters, saturating cloths and applying to the cancer, and took it as directed. I did that four times a day, taking pills as required, and before two weeks the offensive smell was all gone, and it commenced healing around the outside, and in four weeks it was all healed over and has never broken out since. I only took three bottles altogether. I told a number about it, and some way it got in the papers, which caused quite a sensation among my friends and relatives. I have received a good many letters from friends and a number from strangers to know if true, and I also received a number from those that had a cancer, wishing me to write them all the particulars, so much so, that it almost became tiresome to write so many long letters, but I always wish to do as I would be done by, and if I can do suffering humanity any good I am willing to do it. My age is 58, and I have lived in Beamsville, Ontario, 30 years.

I hope this statement of my case may benefit some one else thus afflicted.

Samuel R. Mordey

July 24, 1886. Beamsville, Ontario, Canada.

[NOTE.—It is nearly two years since the above testimonial was received; and from the above correct likeness, which was recently copied from a photograph kindly given us by Mrs. Kilborne, it will be seen that there is no trace remaining of the terrible disease from which she so marvelously escaped.]

I was afflicted with eruptions on the skin, which was said to come from my blood being impure. I used two bottles of Burdock Blood Bitters, and they vanished entirely, and I felt very much better in every way. SAMUEL R. MORDEY,

Nov. 18th, 1885.

Box 47, Wellington, Ont.

MAY, 1887.

RANDOM REMARKS.

"Did you mail that letter I gave you this morning, dear?" "Yes, no; what if I did? I shouldn't wonder, come to think, why, to be sure, certainly, of course. What have you got for dinner?"

A litter of kittens was born in Louisville, Ky., a short time since, having heads like monkeys. If this thing continues there will soon be as many dudes among cats as other people.

When one considers the strength of powder, it seems strange that it is used on the cheeks of young ladies instead of on the book-agent's cheek.

I have been troubled with Scrofula, and have received much relief by the use of Burdock Blood Bitters. WILL BROWN, Box 217, Whitney's Point, Boone Co., N. Y. Jan. 1, 1886.

City Belle—(pointing to a wild plant by the wayside). "What's that?"

Country Cousin—"That's milk weed."

City Belle—"Oh, yes, what you feed the cows on, I suppose?"

Boy—"Mister, what time is it?"

Man—"You little rascal, you asked me that same question only two minutes ago and I told you. What do you ask again for?"

Boy—"I ain't askin' for myself. I'm askin' for this other little fellow; he don't know."

I can recommend your Burdock Blood Bitters for Scrofula and all other humors in the blood.

G. S. BAER,

Gregory P.O., Luzerne Co., Pa.
March 8, 1886.

A number of young men were guying a big Scotchman about his big feet, when he silenced them by saying: "Ye carn mek as much foon o' them as ye loike, boot them coom in handy whoon ye're in swummon."

"Do you like winter, Mr. Litewait?"

"Not very much, Freddy."

"Then why do you always go buggy riding on a cold day?"

"I don't, what makes you think so?"

"Why, sister Clara said it would be a cold day when you offered to take any girl buggy riding."

A successful farmer says that "he feeds his land before it is hungry, rests it before it is weary, and weeds it before it is foul."

Explicit directions—Young man (driving with young girl): "I say, farmer, how can I get back to the village the quickest way?" Farmer: "Well, you might run your horse."

The best thing out—An aching tooth.

"Why, Mattie, you have put your shoes on the wrong feet!" "What'll I do, mamma? They're all the feet I've got."

HEADACHE.

SYMPTOMS.

Dizziness,
Sick Stomach,
Nervousness,
Rush of Blood to the
Head,
Biliousness,
Brow Ague.

Who is there that does not suffer, more or less, with that distressing trouble, Headache, in some of its various forms? It afflicts all ages and both sexes; of course females suffer from it more than males, and also those of a nervous temperament and a studious and sedentary occupation. Headache of whatever nature is nearly always symptomatic of other diseased conditions, rather than a disease itself, and in most cases a disordered stomach and bad circulation is the chief source of the difficulty. Among the common varieties of headache, we may name: Sick or Bilious Headache, Nervous Headache, Headache from indigestion and constipation, Plethoric Headache from rush of blood to the head. Headache from debility, and Periodical Headache or Brow Ague. The special symptoms varying with the nature of the complaint.

As each form is distinctly marked and commonly known, it describes itself. The brain being the great nerve centre of the system, it sympathises through the nerves with the stomach and other organs, and any irritation or wrong action of any organ, especially with any disturbance of the stomach, or of the circulation, may induce headache, Constipation and Indigestion being frequent causes.

CAUSE.—Besides the causes named, bad air, nervous irritation, biliousness, and general weakness make up the chief additional sources of Headache.

CURE.—To relieve most forms of Headache, cold water or cooling applications, when feverish, may seem most agreeable, yet fomentations of warm water by cloths wet as hot as can be borne, together with the warm foot-bath, to equalize the circulation, and mild laxatives, like Burdock Blood Bitters and Little Burdock Pills, will afford the most prompt relief. When the stomach is sour, a draught of charcoal water, or a teaspoonful of Bicarbonate of Soda in half a glass of cold water, or a spoonful of Fluid Magnesia, as required, will correct acidity and temporarily relieve. Tone up the shattered nervous system, regulate the digestive and biliary organs, and obtain a free circulation of pure blood by the use of Burdock Blood Bitters, and the worst headache will vanish as if by magic. Burdock Blood Bitters has gained an international reputation for curing Headache.

Read the testimonials in the next column of parties who have been cured of this troublesome complaint.

TESTIMONIALS.

Sick Headache.

Last spring I was troubled very much with sick headache and general debility. I procured one bottle of Burdock Blood Bitters and it entirely cured me. I would recommend it to all parties as the best medicine in the market. *MRS. J. STEWART, Franklin, Ont. March 3, '86.*

[Headache.

I can give a testimonial and can get any amount of others if needed. I was awfully troubled with sick headache and dyspepsia, and two bottles of Burdock Blood Bitters has made me better than ever.

MRS. JOHN HALL, Osprey P.O., Ont.

June 30, '86.

I have been afflicted with sick headache for a couple of years, especially in warm weather, and also with kidney complaint, and I have tried almost all the advertised remedies but with temporary effect. I was led to try Burdock Blood Bitters about a month and a half ago, and am happy to say that I have had no attack since. I would be pleased to recommend this medicine to any and every person, as it has been beneficial to me in every respect.

S. VAN BLARICOM, Codrington, Ont.

Oct. 21, '85.

For several years I have suffered from headache, dyspepsia and other complaints. After a short trial of Burdock Blood Bitters I am greatly relieved. I cannot praise the Bitters too much.

MRS. E. FITZGERALD, Dysart, Ont.

March 14, '86.

I am eleven years old and I lay for three weeks with inflammation of the lungs, and after recovering I had a severe headache, I got a bottle of Burdock Blood Bitters and it entirely cured me.

ADA L. TINKESS, Avonmore, Ont.

Feb. 17, '86.

Being a great sufferer from headache, I purchased a bottle of Burdock Blood Bitters to try for it. After I had taken a few doses I was free from the suffering. I will recommend the Bitters to all.

GEORGE WYMAN, P. O. Box 167, Yarmouth, N.S.

Sept. 16, '85.

Being a great sufferer from headache I was told by a friend to buy a bottle of Burdock Blood Bitters. I purchased only one bottle and am pleased to say that now I am entirely free from headache. I would recommend anyone suffering with headache to take this medicine.

MISS A. OPHELIA WILLETT, School Teacher, Routhier P.O., Ont. Dec. 15, '85.

I have been suffering with headache for five years. I was told to try Burdock Blood Bitters. I did so, and have not once had it since. I will try and always have a bottle in the house both for myself and family.

MRS. U. ASTON, Bracebridge, Muskoka. Aug. 13, '85.

The forepart of last summer I was working pretty hard and I commenced to feel very miserable. After I would eat I would feel sick at the stomach with headache and was getting worse every day, until I had to give up eating, and then I got that weak that I could not labor. I tried that renowned medicine, Burdock Blood Bitters, with good effect, and I gave it another trial this time—the first dose seemed to arouse my feelings, and by the time one bottle was used, I felt like a new man. I would gladly recommend it to all who are suffering the same way that I was.

ROBT. A. TUCKER, Knatchball, P.O., Ont. Feb. 19, '86.

SCISSOR-INK TURNS.

A roasted chestnut—"Is it not enough for you?"

Teacher in grammar recitation—"I didn't have no fun at the sea-side. How would you correct this, Johnny?" *Johnny*—"Get a feller."

The new baby had proved itself the possessor of extraordinary vocal powers, and had exercised them much to Johnny's annoyance. One day he said to his mother: "Ma, little brother came from heaven, didn't he?" "Yes, dear." Johnny was silent for some time, and then said: "Say, ma?" "What is it, Johnny?" "I don't blame the angels for bouncing him, do you?"

I have been troubled with dyspepsia and headache for a long time, without being able to get relief. Hearing of so many persons (similarly afflicted) receiving a cure by the use of Burdock Blood Bitters, I made up my mind to try it, and the result is, I am better than I have been for years. I cheerfully recommend Burdock Blood Bitters to all sufferers from dyspepsia, in its most extreme forms.

MRS. LOUIS CRIST,
 March 8, 1886. Bascom, Seneca Co., Ohio.

An Illinois hen lays two eggs every day except Sundays. On Sundays she lays off.

"That's what beats me," said the boy when he saw his father take a skatestrap down from its accustomed nail.

While the Union troops were marching through a Maryland town during Lee's invasion, some of the stragglers broke into a bakery, and, as one of them issued forth bearing a loaf of bread on a bayonet, an Irish soldier cried out: "Liftinint! liftinint! be jabbers, there goes a man with the staff of life on the point of death!"

In the spring I was troubled with Headache and sour stomach. Two bottles of Burdock Blood Bitters entirely cured me.

J. H. ZETWAL,
 Sept. 8, 1885. 17 Main St., Allegheny, Pa.

Most of the time in hot water—The wash-erwoman.

A little four-year-old fellow had a piece of cake given to him which he enjoyed very much, asking what kind of cake it was. On being told the name of it was "gopher cake," in a moment he roughly remarked, "Well, I guess I'll go for some more."

There is nothing that makes a young man who has been married about a year feel so lonely and sad as to go to the store where there is a girl to whom he used to be attentive and ask her to show him some baby carriages.

Bridegroom from the country, after reading the sign, "Ice cream, \$1.00 a gal." "Dollar a gal! Laws, if they charge ez much fur a feller ez they do fur a gal, Sue, we'd better let ice cream slide, an' stick ter lem'nade."

KIDNEY COMPLAINTS.

SYMPTOMS.

Pain in Loins,
Back Ache,
High Colored Urine,
sometimes Color-
less or Thick and
Slimy, with Sedi-
ment,
Weakness,
Fever,
Dropsy, etc.

When the Kidneys take on irritation, or become diseased by bile, poisoned blood or an excess of *uric acid*, some of these recorded signs are generally present. The symptoms, of course, vary according to the nature of the complaint and its different stages of progress. A faulty condition of

the kidneys is sure to lead to serious consequences if neglected. When the excess of *uric acid* is not carried off by their action, rheumatism, gravel, and other obstinate troubles arise. It is the particular work of the kidneys to remove the poisonous matter from the blood, which, if retained, would create these diseases. The common diseases ascribed to the kidneys are Diabetes or Sugary Urine, Bright's Disease, Incontinence of Urine, Dropsy and Rheumatism. In ninety-nine cases out of one hundred, however, ill-working biliary organs and bad blood is the primary source of the trouble by which the kidneys are clogged in their action. Hence the folly of doctoring the kidneys without correcting the bile and blood, and herein lies the fact of the success of Burdock Blood Bitters in curing Kidney Complaints. It promptly removes the cause of all the trouble. All the kidney remedies in the world that do not make purer and better blood, and more perfect circulation, are worse than useless.

CAUSE.—Taking cold, straining the muscles of the loins, a bad state of the blood, inactivity of the skin, kidneys and organs of secretion generally, as well as the absorbents that favor the accumulation and retention of the watery or bad portions of the blood in the system, improper food and drink, too free use of spirituous and malt liquors, etc.

CURE.—Correct the bile and blood, promote perfect circulation of the fluids, open all the avenues of health to carry off all waste matter that obstructs the system, and give free vent to the outlets of disease, while the system is being nourished and sustained. This work is just what Burdock Blood Bitters best does. It possesses the most perfect diuretic properties known for acting upon the urinary secretion, and has cured some of the worst cases of Kidney Complaint on record, as well as dropsy, when other medical aid had failed.

Most of the dangers of complicated Kidney troubles may be averted, if taken in time, by promptly resorting to the grand purifying, regulating powers of Burdock Blood Bitters.

TESTIMONIALS.

TUMOR OF THE SPLEEN AND DROPSY—A MARVELOUS CURE.

I hereby submit the following to the public, that any who may be afflicted as I was may be benefited by the same remedy that I used so successfully. In June, 1884, I was examined by my family physician, and the presence of a tumor, or enlargement of the spleen, was discovered. By December of that year my condition had become alarming, and in January, 1885, I had two attacks of vomiting blood, which was all but fatal. The Tumor of the Spleen by this time filled half of my abdomen, and was estimated to weigh about six pounds. Dropsy of the legs and body followed, and I became so prostrated as to be unable to sit up for many weeks. My skin took on the waxy pallor and yellow hue so characteristic of severe disease of the spleen, as my physician said. Besides my regular medical attendant, I had counsel from two other doctors, and no hope of recovery was held out to me. It was the opinion of all who saw me that, though I might live for a time, I would never regain strength or anything approaching good health.

At this time Burdock Blood Bitters was mentioned among remedies that might reduce the dropsy. Owing to the constant irritation in my stomach, it was difficult to take other remedies usually prescribed. So with the consent of my physician your Burdock Blood Bitters was tried—the first trial being favorable, it was continued, with the happy result of removing the dropsy entirely, and reducing to a very considerable extent the size of the tumor. It is now more than a year since I began to improve, and I am in very fair health, able to attend to many duties on the farm, and have gained in weight and strength beyond my expectations or the expectations of my friends. Yours sincerely,

Robert Kissick

July 25, '86.

Coulson, Ont., Canada.

[NOTE.—The likeness here presented is an exact copy of a photograph of Mr. Kissick since the above certificate was given, and represents that gentleman in the enjoyment of his usual health, and speaks volumes for the wonderful power of Burdock Blood Bitters over chronic disease. Mr. Kissick is a well-known Canadian farmer, and will answer all interested, who send stamp for reply.]

I have used Burdock Blood Bitters for the Kidney Complaint, and I found it to be the best medicine I ever took. It is without a rival.

JAMES ALEX. SPROUL.

Dec. 4, '85.

Box 21, Orangeville, Ont.

ODDS AND ENDS.

Smoker—"Look here, Isaac, this cigar that I just bought of you wont draw!"

Isaac—"Vont draw? Vell, do you sub-bose I'se givin' away sugtion bumps mid dem five cents Victorias?"

If seven days make one week, how many days will make one strong?

That depends on the number of days you take Burdock Blood Bitters.

This is a world of disappointments anyway. Some people are disappointed in love, and a good many more are disappointed in marriage.

I was troubled for five years with Kidney Complaint and used a great deal of doctors medicine which did me no good. I was getting worse all the time until I tried Burdock Blood Bitters, and now am a well man. Before using the Bitters I weighed 130, and now tip the scales at 159 pounds. I can highly recommend Burdock Blood Bitters to be a good medicine. JOHN WALTON,

Oct. 5, 1886. Springfield, Kings Co., N.B.

Tommy—(who had just received a severe scolding.) "Am I really so bad, mamma?"

Mamma—"Yes, Tommy, you are a very bad boy."

Tommy—(reflectively). "Well, anyway, mamma, I think you ought to be real darn glad I ain't twins."

"Pa, what is a Mother Hubbard?" "It is a kind of a covering that a woman uses when she gets too lazy to put on a dress."

"The roaches in this house are remarkably versatile," said an actor at a hotel table, picking up a biscuit. "I notice that they appear in different rolls every morning."

"I tried all the doctors in this locality for Liver and Kidney troubles (which I had for years) with no benefit. Four bottles of Burdock Blood Bitters cured me," says Lemuel Allan, Lisle, Ont.

"Do you know the nature of an oath, ma'am?" inquired the judge. "Well, reckon I orter," was the reply, "my husband drives a canal boat."

"I hate that man!" exclaimed Mrs. Upperre. "I'd like to make his life miserable." "Tell you what," said her husband warmly, "I'll send the villain an invitation to your musicale. We'll torture him."

Bridget (to iceman)—Av ye plaze, sir, me missus sez will yez put the ice in the saucer here every mornin', and cover it wid the tay cup, so we can have some left if we don't get there the minit ye lave it.

Burdock Blood Bitters has an excellent reputation in this locality as a remedy for diseases of the blood, liver and kidneys. I have used it for many years. It is all the medicine I want, and I advise every one troubled with those complaints to use it.

JAMES McMURDOCH,

Oct. 20, 1885.

Kinsale P.O., Ont.

GENERAL and NERVOUS DEBILITY.

There is a class of diseases, where the physical and often the mental powers are exhausted, where no pain or irritation can be discovered, and yet the sufferer is slowly wearing out. This condition we call *General Debility*. When it proceeds from nervous irritation, or nervous exhaustion, it is called *Nervous Debility*. This is the growing malady of the times, owing to the fast age in which we live, and the various indiscretions and lack of observance of physical laws.

The more common manifestations of Nervous Debility are mental depression, love of solitude, defective memory, confused ideas, restlessness, sleeplessness, often dimness of vision, hurried and difficult breathing, emaciation, a general loss of vitality of body and brain. Any imprudence against the laws of our being, or any weakening drain upon the system, may cause this difficulty, with its long train of distressing symptoms.

There is a sense of indisposition to exertion, loss of strength, loss of memory, languor, weariness, faintness, dizziness, fluttering of the heart, an all-gone exhausted feeling and depression of spirits, with a wasting of flesh from lack of vitality in the blood. Whatever the cause, the remedy plainly indicated is met in Burdock Blood Bitters, which revitalizes the blood, invigorates the nervous system, and establishes perfect nutrition—gives strength to the exhausted and waning powers of life. Burdock Blood Bitters is the grand blood renovating tonic in all exhausting forms of disease. The cure must be accomplished by moral, mental and general hygienic means. Strive to cultivate the virtues, and guard well the general health. Sleeplessness is often caused by an undue pressure of blood upon the brain. This form may be best relieved by keeping the head cool, equalizing the circulation and keeping the bowels free. Opiates and narcotics do more harm than good. Always sleep with the head towards the north if possible; this is no whim, but a scientific electrical principle. Burdock Blood Bitters renovates and invigorates the entire system, allays all nervous irritation, and thus cures the worst forms of General or Nervous Debility.

Hysteria, the peculiar nervousness of females connected with Uterine troubles, Epilepsy or Fits, Palpitation of the Heart, Neuralgia, Nervous Headache, Palsy or Paralysis, and many other varieties of Nervous Affections, are dependent upon poor circulation of the nervous and vital fluids, which Burdock Blood Bitters might, by its early use, prevent or remedy.

Having used Burdock Blood Bitters for general debility and languidness, I have found a safe cure, for which I am very much indebted, having used only two bottles.

Jan. 21, 1886.

HENRY HOWARD,
Brownsville, Ont.

TESTIMONIALS.

I have used Burdock Blood Bitters and I think it is the best in use. I was feeling very sick with a pain in my bowels and headache, and was growing weaker every day. I procured a bottle of Burdock Blood Bitters, and as I used it I felt a great deal better. It is the best medicine in use. I set me right up: I have gained 10 lbs. since I have used it, and I have recommended it to others.

ANDREW FERGUSON,
Cardinal P.O., Ont.

Sept. 19, 1886.

Low Spirits.

I have used Burdock Blood Bitters for general weakness and low spirits. I can assure you I can highly recommend it to all. It made me feel like new life again.

Sept. 3, 1886. Ennskillen, Inwood P.O., Ont.

Renewed his Youth.

I am now 65 years old, six years ago I felt depressed in spirits and losing strength, sometimes my hand shook so that I could not write. I commenced taking Burdock Blood Bitters; after the first bottle I felt better; I used from four to five bottles every year. I feel as lightsome as if I was only 20 years old and in very good health.

Jan. 7, 1886. DONALD MUNRO,
Balsover P.O., Ont.

Debility.

Having been troubled for the last year with debility, and a breaking out of obstinate humor on the face, I was induced to try B. B. B., with the most satisfactory results.

Aug. 27, 1886. C. SCOTT,
154 King St. West, Toronto.

Being completely broken down in health, I was induced to try your valuable remedy, Burdock Blood Bitters. One bottle made me feel like a new man, restoring me completely to health.

Aug. 10, 1886. GEO. V. DETLOR,
Napanee, Ont.

My daughter, having had scarlet fever at the age of four, from that time her system was affected. I had tried everything I had heard of, and spent hundreds of dollars in doctor's bills, when Burdock Blood Bitters was recommended to me, and before I had given her one bottle there was a remarkable change, and now she is entirely cured.

Feb. 17, 1886. MRS. HOPPERTON,
Watford, Ont.

Have used two bottles of B. B. B., and have received great benefit from it. I had no particular disease, only weakness and impure blood. Since using the medicine I find myself greatly improved and strengthened, and I have a good appetite ever since. I highly recommend it as a good medicine for building up the constitution.

Feb. 15, 1886. MRS. THOMAS NEELANDS,
Owen Sound, Ont.

I am now using my third bottle of B. B. B. for a trouble peculiar to my sex. When I commenced its use I was suffering from what we term female weakness and its attendant irregularities. Your medicine has made me feel stronger and better than I have for years.

April 12, '85. MRS. S. H. MANCHESTER,
173 Main St., Fall River, Mass.

AUGUST, 1887.

GRAPHIC PARAGRAPHS.

In the heat of this month when you go into camps,

WEATHER SIGNS

A sun of red is weather warm,
A sun of blue is general storm,
A crescent red is weather cold,
A crescent blue is fair foretold,
A star of red no change implies,
A blue star, local stormy skies,
A square of black on flag of white,
A cold wave comes in all its might.

I got a bottle of Burdock Blood Bitters and it cured me of Liver Complaint. I think it is the best medicine ever produced and it can not be praised too much.

MISS BETSY KENNY,

Feb. 9, 1886.

Cloyne, Ont.

"No," said the hen-pecked husband, as he scratched his bald head, "I am not a believer in Mormonism, not by a long chalk." "Why not?" asked the Mormon sympathizer with whom he was conversing. "Because," replied the henpecked man, "I don't believe in a man having two wives. No man can serve two masters."

I have used Burdock Blood Bitters with the greatest satisfaction for Urinary Complaint and Biliousness, and think it one of the best medicines I ever used.

JOSEPH DANIEL,

Feb. 1st, 1886. Kate Vale, N. Hatley, Quebec.

It is rather unpleasant to hear a public speaker remark: "My friends-ur, I wish to say a few words-ur on this occasion-ur," etc.; but then we must remember that to ur is human.

Having tried all the doctors of this locality and used their many remedies for Liver and Kidney troubles with which I have been troubled for years, without deriving any benefit, I resolved to try Burdock Blood Bitters. I am happy to state, after having used four bottles, that I am cured, and I believe permanently. I can heartily recommend the use of this safe remedy to any who are afflicted with Kidney or Liver Disease.

LEMUEL ALLAN,

Aug. 24, 1886.

Lisle, Ont.

Mrs. A. went into the kitchen one morning and informed Ellen that Mr. Thompson, a neighbor and prominent resident, had committed suicide. Ellen looked at her with an expression of mingled astonishment and disgust, and said: "Oh-h-h, mum, has he? Wid who?"

I have been troubled with Liver Complaint for over three years, and have tried many remedies, but never found an article that has done me so much good as Burdock Blood Bitters.

J. HIGGINS,

Oct. 1, 1886.

East Templeton, P.Q.

The difference between a hen and a lazy man is that a hen usually lays an egg every morning and a lazy man lays a bed.

THE OLD FAVORITE.

ALWAYS RELIABLE.

DR. FOWLER'S

Extract of Wild Strawberry

Is nature's specific for all Bowel Complaints; always reliable as a cure for Cholera, Cholera Morbus, Colic, Cholera Infantum, Diarrhoea, Dysentery, and all Fluxes and Summer Complaints of children or adults.

It has stood the test for over thirty years, and more popular and better appreciated now than ever, giving universal satisfaction wherever fairly tested.

SUMMER COMPLAINTS.

The most prevalent and dangerous diseases incident to summer and early fall are Cholera Morbus, Cholera Infantum, Diarrhoea, Dysentery, Colic, and bilious attacks, that occur suddenly, and are often suddenly fatal. Cholera is now supposed to be caused by a specific microscopic germ; hence the use of disinfectants, and great cleanliness should be observed. Cholera Morbus and Canadian Cholera are modified forms of Asiatic Cholera, with many symptoms in common, such as purging, cramps and collapse. Nearly all summer complaints are due to bad blood and unhealthy bile, and are excited by improper diet, bad air and water, colds, unripe fruit, fermenting food, and anything that will induce an excess of biliary symptoms. Some forms of bowel complaint are very painful; where there is painless diarrhoea it is often dangerous, being due to a weak and watery state of the blood. These complaints are often attended by nausea and vomiting. Never neglect what seems but a simple diarrhoea; but beware of preparations containing opiates and powerful astringents. Never check the discharges too suddenly, lest inflammation be induced. The offending bile and bad matter must escape, and mild antibilious laxatives will often aid nature in the work.

DIET.—Dry toast, ground parched rice, barley water, gruel, or Irish Moss jelly, are proper articles of diet in bowel complaints. Slippery elm tea should be used in place of water for thirst. Injections of starch with a dozen drops of laudanum are serviceable after the passages are cleansed. Rest from all kind of labour should be observed in all fluxes of the Bowels. There is no other remedy on earth so safe, reliable, natural, and effective, to cure all summer complaints. It is nature's specific for Cholera Morbus, valuable alike for infants or adults. Travellers and families should never be without it. Price 35 cents.

TESTIMONIALS.

My little baby three months old was, during this summer, subjected to severe Summer Complaint. Under the doctor's treatment no improvement was made, and in fact she became worse daily until we despaired of being able to save her life. At this juncture and as a last hope we tried Dr. Fowler's Extract of Wild Strawberry, which some of our neighbors recommended to us very highly. The effect was magical; four doses of ten drops each were administered and the result was a perfect recovery. The child is now in vigorous health and as fat as butter.

JAS. BINNIE,

Sept. 1, '85.

Toronto, Ont.

I was very sick about a week, and went to my physician and he said that Bowel Complaint was the trouble, and gave me some medicine but did me no good. I then went to another who gave me brandy and other medicines, but all was no use until I tried Dr. Fowler's Extract of Wild Strawberry. The next day after taking it I was like a different man.

GEO. H. PEACOCK,

March 15, '86.

Stroud, Ont.

I have used Dr. Fowler's Extract of Wild Strawberry in my family and I cannot speak too highly of it for children as well as for aged people troubled with Summer Complaint or Diarrhoea. I would recommend every one to keep it within reach for immediate use, as it has no equal.

WILSON MONTROSE,

Feb. 20, '86.

Vienna, Ont.

I was severely troubled with Diarrhoea and having used some of the wonderful Dr. Fowler's Wild Strawberry, I was in a short time completely cured, and I can recommend it to any one as a splendid medicine.

WM. A. STAFFORD,

March 11, '86.

Shedden, Ont.

I have used Dr. Fowler's Extract of Wild Strawberry and found it to be the best remedy I have ever used for Dysentery and all Summer Complaints among children, and I think no household should be without it.

MRS. A. BAKER,

March 9, '86.

Ingoldeby, Ont.

We have used Dr. Fowler's Extract of Wild Strawberry, it is all they claim for it.

MRS. DANIEL DEATH,

March 22, '86.

Dixie, Ont.

INTERESTING ITEMS.

"Wouldn't you think those girls would shrink from appearing in such short bathing dresses?" said old Mrs. Crimsonbeak to her daughter, while watching the bathers at Long Branch. "Well, they don't, mother; they expect the clothes to do all the shrinking."

"When all other remedies fail," for Bowel Complaint, Colic, Cramps, Dysentery, &c., then Dr. Fowler's Extract of Wild Strawberry comes to the rescue." Thus writes W. H. Crocker, druggist, Waterdown, and adds that "its sales are large and increasing."

"And how does Charlie like going to school?" kindly inquired a good man of a six-year-old boy. "I like going well enough," replied the embryo statesman, ingeniously, "but I don't like staying after I get there."

An old favorite, that has been popular with the people for nearly 30 years, is Dr Fowler's Extract of Wild Strawberry, for all varieties of Summer Complaints of children and adults. It seldom or ever fails to cure Cholera Morbus, Diarrhoea and Dysentery.

Mother—Are you going to take Bobby to the circus this afternoon?

Father—No, these circuses are all nonsense. He will be better off for not going.

Mother—The poor little fellow will be disappointed. But what makes you so late to dinner, dear?

Father—I have been down at the depot watching them take the elephants off the train.

Keep your house guarded against sudden attacks of Colic, Cramps, Diarrhoea, Dysentery and Cholera Infantum. They are liable to come when least expected. The safest, best and most reliable remedy is Dr. Fowler's Extract of Wild Strawberry.

"Doctor, I'm worried about my husband. Do you think him seriously ill?" "To the best of my judgment, madam, he is suffering from gastritis." "There! I knew it! I told him his trouble was from fooling with that gas meter yesterday."

The well-known drug firm of N. C. Polson & Co., of Kingston, writes that Dr. Fowler's Extract of Wild Strawberry has long been considered the best remedy for Summer Complaints in the market, and adds that their customers speak in the highest terms of its merits. Wild Strawberry is the best known remedy for Cholera Morbus, Dysentery and all Bowel Complaints.

A motherly hint to the elevator boy, "Shure, Jimmy, ut's th' harrud work that yez have! Here yez have been afther pullin' an' shtrainin' on that rope fer twinty minutes, an' divil the ind av ut' ill kim out o' the fluer!"

The sayings of many great men would fill volumes. Their doings could be written on a postal card.

For Internal and External Use.

Used externally it stops all pain, and prevents blistering of a burn as soon as applied. It prevents swelling, removes pain and discoloration of bruises, by a few applications. As a liniment or embrocation it has no equal for Rheumatism, Stiff Joints, Contracted Cords, Calloused Lumps, Painful Swelling, Sprains and Bruises, and lameness of every description. It has cured Chronic Rheumatism of years' duration, after all other means had failed. Stiff Joints have been relaxed that had resisted all other treatment. Neuralgia, Swelled Neck, Enlarged Glands, Spinal Disease, Lamé Back, and all muscular pain, lameness or soreness, speedily and effectually cured by this valuable embrocation. Nothing can equal Yellow Oil for Burns and Scalds, Frost Bites and Chilblains, Inflamed Breasts and Chafed Skin.

Internally used it is equally wonderful in its efficacy. One or two doses cures Hoarseness and Sore Throat. The sufferings of Asthma are relieved by the first dose, and in Croup it is almost a specific cure. Bronchitis and Swelled Tonsils yield to its curative influence. Taken inwardly in doses of from 10 to 30 drops on sugar or in water, it relieves Quinsy, Colds, Pains in the Chest, Stomach, Kidney Complaints, etc.

Its soothing, purifying, cleansing, and healing properties are unsurpassed by any medicine of its class in the world. Its powers of subduing inflammation, allaying pain, relaxing stiff joints or sinews, and healing all soreness and lameness of the flesh, are unequalled. Many bad cases of Chronic Deafness have been cured by this remedy; also Sprains, Wounds, Bruises, Burns, Frost Bites, Stings of Insects, etc. Among the many thousands of bottles sold annually throughout Canada, not one has ever been found unsatisfactory to the purchaser. No matter where the pain or soreness, or from what it arises, "Hagyard's Yellow Oil" is sure to give quick relief. In Throat Complaints, as a local application rubbed upon the parts, and applied on flannel, inhaled as a vapour, or taken internally, it is sure to benefit. In brief, "Hagyard's Yellow Oil" is the most reliable, cheapest and best pain relieving medicine ever discovered.

Every bottle guaranteed to give satisfaction or money refunded.

Price 25 cents per Bottle.

T. MILBURN & Co., Proprietors.

TESTIMONIALS.

Rheumatic Pains.

I can honestly recommend Hagyard's Yellow Oil as the best reliever for rheumatic pain. My father and mother having suffered from rheumatism for several years have tried every medicine they knew of without success. A friend of ours recommended them to try Hagyard's Yellow Oil—and they found it was the best of all. **GEORGE LEGAULT,**
March 21, '86. *Tayside, Ont.*

I never feel safe to be without Hagyard's Yellow Oil. For swelled neck, enlargement of the glands, sore throat and colds, it is an invaluable remedy taken internally or applied externally it has not failed to give relief, and for my little ones I keep it by me, it being so easy to administer.

MRS. HENRY DOBBS,
Aug 23, '85. *Berridale P.O., Parry Sound, Ont.*

Chilblains.

Not long since I was troubled greatly by Chilblains. I could scarcely walk. I tried a great many remedies without success. At last I tried Hagyard's Yellow Oil, and it cured me, and I would advise all who suffer from Chilblains to try it.

A. S. HAMMOND,
Feb. 10, '86. *Glencoe, Ont.*

Rheumatism.

I can recommend Hagyard's Yellow Oil very highly; it cured me of rheumatism in my fingers when I could not bend them.

IDA PLANK,
March 3, '86. *Strathroy, Ont.*

Frost Bites.

We have for a long period kept a bottle of Hagyard's Yellow Oil in the house for general purposes, but last December it proved to be a valuable friend. While out skating I got a part of each foot badly frozen. When I reached home I rubbed them with snow and then with Yellow Oil—which I used freely through the night and next day, after which they speedily recovered.

G. VARCOE,
Feb. 26, '86. *Brandon, Man.*

Remarkable Cure of Deafness.

While using Hagyard's Yellow Oil for a bad attack of Rheumatism, which it quickly cured, I tried it as recommended for deafness, being afflicted with loss of hearing since 1877, often so deaf as to be unable to attend to business. I applied it daily in my ears on a little cotton. Great improvement first week; a few weeks' treatment cured me after eight years of distress. I have no doubt that the cure is permanent, as three months have elapsed since recovery. It is with great gratitude and joy I make this known to you, as well as for the benefit of others afflicted. Yours faithfully,

HARRY RICARDO,
Agent for American and European
Fine Art Publishers.
May 13, '85. *4 Bond St., Toronto.*

I have used Hagyard's Yellow Oil for Chilblains and was thoroughly cured of them when all other remedies failed. I think it is invaluable in such cases.

PATRICK BRENNAN,
Feb. 2, '86. *Gamebridge P.O., Ont.*

OCTOBER, 1887.

Get your fruit in the cellar and corn in the stack ;

MISCELLANEOUS.

Many a young man who works hard during the day allows his hands to go to waist during the evening.

"Lend me your ear a minute," remarked Mrs. Brown to her husband the other evening. "Will you give it back to me?" he inquired with mock anxiety. "Of course I will, you idiot! Do you suppose I want to start a tannery?" She got the ear.

A wide range of painful affections may be met with Hagyard's Yellow Oil. James M. Lawson, of Woodville, Ont., speaks of it in high terms for Rheumatism, Lame Back, Sprains, and many painful complaints too numerous to mention. It is used internally or externally.

"Yis," said Pat, "O'i've signed two pledges—wan to the praste an' one to His Honor." "It's a foine man yez are, Pat," replied Bridget, "an' do yez think ye'll kape thim?" "Begorra, Oi'll thry an' kape wan av thim anyhow."

"I never feel safe to be without Hagyard's Yellow Oil; for Sore Throats, Colds, Swollen Glands, &c., it has not failed to give relief, and for my children it is so easy to administer."

MRS. HENRY DOBBS,
Berridale P.O., Ont.

Merritt—I see you have a new servant-girl. Little Johnny (confidentially)—Yes, and I tell you she's a corker. Bridget (speaking up)—Indade Oi'm not, sorr. Oi cum from Limerick.

J. D. Cameron, of Westlake, Ainslie, Cape Breton, had Inflammatory Rheumatism which Hagyard's Yellow Oil cured after all other treatment had failed.

Visitor—"You look very much like your pa." Johnny—"Do you think so?" Visitor—"You take after him very much. You have got his hair." Johnny—"Tain't me what takes after pa and gets his hair. It's ma who does that when he comes home tight."

"I can recommend Hagyard's Yellow Oil very highly. It cured me of Rheumatism in my fingers when I could not bend them." Ida Plank, Strathroy, Ont. A medicine for internal and external use in all painful complaints.

Farmer (to country minister)—"I kin bring you in a couple of bushels of apples, dominie, if you'd like 'em. I've a lot of 'em goin' to rot." Minister—"Thanks, Mr. Hayseed; I would be very glad to get them. Have you ever tried feeding them to hogs? I hear they are very fattening." Farmer—"Yes, I've offered 'em to the hogs, but they won't touch 'em."

THE BEST COUGH CURE.

The Most Pleasant and Perfect Throat and Lung Healer in the World for Children or Adults.

This is no vain boast, but a fact that can be backed by unimpeachable evidence. One 25 cent bottle, indeed a trial dose, will prove its merits.

This soothing, healing and mucilaginous expectorant is composed of horehound, wild cherry, licorice, balsam tolu, and the best principles of other pectoral medicines, and is a true specific for all THROAT AND LUNG DISEASES. It gives prompt relief in Coughs, Colds, Hoarseness, Whooping Cough, Croup, Asthma, Influenza; and is a preventive of that terrible destroyer, Consumption. Obstinate Coughs yield at once to its expectorant, soothing and healing properties; even in confirmed Consumption it affords the sufferer great relief from the harrassing cough.

A cough, however slight, should never be neglected. "Only a trifling cold," has been the lullaby song of many a victim to their last long sleep. Bad air, close apartments, damp clothing, neglect of wearing flannel and thick-soled shoes, sitting in crowded hot rooms, sudden exposure to cold draughts of air, allowing the body to cool too quickly after exercise, has marked many a victim for its own on the long death roll of Consumption. A cough should be loosened as speedily as possible, and all irritation allayed before it settles upon the lungs; for if the system be weak, the blood tainted with Scrofula, Catarrh or Consumption is sure to follow. At the very outset of a cold, equalize the circulation by warm drinks, or a teaspoonful of Hagyard's Pain Remedy should be taken, which, by the aid of perspiration, hot foot baths and warm clothing, will speedily break the cold. Habituating the body to the use of the bath is a good preventive of colds. A cough, however troublesome, soon yields to Hagyard's Pectoral Balsam, which loosens the phlegm and allays irritation. *Price, 25 cts.*

One bottle of Hagyard's Pectoral Balsam cured me of a sore throat and loss of voice. One trial relieved me when other things failed.

Miss J. McLeod,

March 1, '93.

Belfountain, Ont.

TESTIMONIALS.

I take great pleasure in speaking highly of Hagyard's Pectoral Balsam. I have used it in my family for years; my three little girls are subject to heavy colds, causing sore throats and distressing coughs. No medicine so soon relieves the cough as does the Balsam referred to.

MRS. JOHN NEELANDS,

Dec. 1, '85. *Methodist Parsonage, Adelaide, Ont.*

Two years ago I had a very heavy cold. I was nearly dead with it. I tried nearly everything but got no relief until I thought I would try a bottle of Hagyard's Pectoral Balsam. I found it a sure cure. I tried another last winter with the same effect. There is nothing like it. There is not a word of flattery in this. I can take oath to it. My father tried it also and from having no faith in it he now says he would not have a cold a day without procuring it.

EDWARD COUSINS,

Jan. 4, '86.

Ransom P.O., Ont.

Hagyard's Pectoral Balsam cannot be excelled for curing coughs and colds. My brother, aged twelve, has been afflicted with cold and loss of voice, and Pectoral Balsam has completely cured him.

IRA MCNEILL,

Dec. 18, '85.

Poplar Hill, Ont.

I have much pleasure in recommending Hagyard's Pectoral Balsam for coughs and colds. My eldest little girl was troubled with a very bad cough which nothing seemed to relieve. Advised by a friend I tried Hagyard's Pectoral Balsam, and before she had taken the second bottle her cough had disappeared. I have never been without it since that time, and have used a great many bottles with the most satisfactory results. My children all like it, and I can truly say that I never used anything that did so much good.

MRS. D. DONOVAN,

Oct. 4, '85.

Greenwood, Ont.

Having used Hagyard's Pectoral Balsam, I am pleased to state it has given me great relief when suffering from that distressing disease, Asthma. I have often recommended it to my acquaintances for colds and bad coughs, and as yet have not heard one of them say there is any better remedy for all throat and lung troubles.

EDWARD G. HOWARD,

May 18, '86.

69 Sullivan St., Toronto.

I have used Hagyard's Pectoral Balsam and was greatly pleased at the way it cured me, when having a bad cough. My cough was dreadful; I did not sleep at all nights on account of it. When I used Hagyard's Pectoral Balsam I had rest and was quickly cured. I would not wish a better cure for a cough.

HATTIE E. MANTHORNE,

Oct. 24, '85.

Mill Village, N.S.

A young man, who has a good deal of spare time on his hands, wishes to learn of something that will keep him occupied. Let him take an ordinary everyday little bumble-bee and place him in the limb of his trousers. This recipe is copyrighted.

"Is Mike Howe on board of this train?" asked a man, approaching an engineer who was oiling up his locomotive. "I don't know any thing about your cow," replied the engineer, sharply; "I am the engineer, and not the cow-catcher of this train."

Young Wife (to husband): Don't you notice a difference in the milk, dear? Young Husband: Yes, this is much better than we have been getting. Young Wife: Very much better. I got it of a new man. He said he would guarantee it to be perfectly pure, and so I bought enough to last for a week.

NOVEMBER, 1887.

PITH AND POINT.

Why is a saloon like a sheet of music? The number of beats before the bar varies according to time.

What is that which can be found where it is not?—Fault.

Tug boats are like human beings, inasmuch as some of them tow out and some of them tow in.

"I have pleasure in saying that Hagyard's Pectoral Balsam cannot be excelled for curing Colds, Coughs and Loss of Voice. It cured my brother completely." So says Ira McNeal, of Poplar Hill, Ont., regarding this reliable remedy.

When can a man have something and nothing in his pocket at the same time?—When there is a hole in it.

Mrs. John Neelands, writing from the Methodist Parsonage, Adelaide, Ont., says: "I have used Hagyard's Pectoral Balsam in our family for years. For heavy Colds, Sore Throats, and distressing Coughs no other medicine so soon relieves.

It looks as though woman would succeed in asserting her rights after a while. A Connecticut factory is turning out 4,000 rolling pins a day.

There are two things which a man is bound to take on faith—his wife's private opinion of him and what sausages are made of.

"What do the letters B. B. B. stand for?" asked Mrs. Grimes of her husband. "I suppose my dear it is because they can not sit down," replied Grimes, who was looking in vain for a vacant chair, "No, stupid," she replied, "they stand for Burdock Blood Bitters, and I want you to bring me a bottle, for I am so weak I can hardly stand myself." He understands her now.

Two of the most troublesome complaints to relieve are Asthma and Whooping Cough, but Hagyard's Pectoral Balsam seldom fails, either in those, or other prevailing throat and lung troubles. All dealers in medicine have this remedy for sale.

School Teacher—"Now, Master Thompson, tell me the denominations into which the money of the United States is coined." Master Thompson—"Don't know." School Teacher—"Don't you know how the money your father brings home every Saturday is divided?" Master Thompson—"Tain't divided. Ma takes it all."

"I was nearly used up with a heavy cold, from which I got no relief until I tried Hagyard's Pectoral Balsam. I found it a sure cure. There is nothing like it," says Edward Cousins, Ranson, Ont.

HAGYARD'S Royal Pain Remedy,

USED INTERNALLY and EXTERNALLY.

*An instant Relief and perfect Cure for
Pain, Cramp and Spasm.*

With little advertising and no pushing, this meritorious preparation has steadily held its own amongst the many extensively advertised Pain Medicines in the market, and its popularity is continually increasing upon its own merits. It is put up in larger sized bottles than other preparations; we, therefore, give more for the money. It is cheaper in price and equal in quality to any similar medicine now or ever introduced to the trade. This we positively guarantee. To equalize the circulation and break up a sudden cold, it may be relied on with the utmost confidence. AS A READY RELIEF FOR PAIN OR CRAMP in the *Stomach or Bowels, Indigestion, Colic, Neuralgic or Rheumatic Pains, Headache, Earache, Toothache, Sore and Cankered Throat, it will never fail you.* When used outwardly for pain it is well to rub the afflicted parts thoroughly, and then apply cloths wrung from hot water over the part, or a damp cloth wrapped around a warm flat iron, or a heated plate can be applied. This method is particularly serviceable in Cramp, Pain in the Bowels, in the Chest, and for Rheumatic and Neuralgic pains. Hagyard's Royal Pain Remedy is a pure and powerful stimulant, but safe for all ages or conditions. Never fear its hot nature, as it is positively harmless, and will not blister like many liniments, while administered internally it is equally safe to the most delicate child.

This medicine should be kept at hand, where it could be reached even in the dark, for whatever a prompt, safe, powerful and reliable stimulant and pain cure is required, this will fill the requirement. Sickness comes often suddenly and unexpectedly, and this excellent medicine has a wide range of usefulness to every individual, and in every household it should find a place.

There are cases where the Pain Remedy can be used with great benefit—such as Diphtheria, Kidney Complaints, Pleurisy, use as for Colic and Cramps, Deafness, Piles, sudden Colds, Chill Fevers. Many of these are cured in ten minutes by the judicious and timely use of Hagyard's Pain Remedy.

FOR SALE BY ALL DEALERS IN MEDICINE.

Price 25 Cents per Bottle.

NATIONAL PILLS	SUGAR COATED.
	PURELY VEGETABLE

Highly recommended for **Biliousness, Head-Ache, Constipation, Indigestion, Dizziness, Heartburn, Bad Breath, Loss of Appetite, Jaundice, Loss of Memory, Sour Stomach, Liver Complaint,** or any illness arising from the **Stomach, Bowels or Kidneys.** They are safe, mild and thorough in their action. From 1 to 3 pills a dose. **PRICE 25c. PER BOX.**

WORMS.

Both children and adults are afflicted with worms occasionally, and the result is a variety of bad symptoms resembling many different diseases. In children there is more or less fever and restlessness, fetid breath, starting in the sleep, vomiting, diarrhoea, bloated bowels, picking at the nose, frequently a cough with great emaciation, pale pasty expression of the countenance, variable appetite, etc. Worms often give rise to convulsions or fits. There are five varieties of worms that infest the alimentary canal—the round worm, the thread worm, the long worm, the common tape-worm, and the broad tape-worm.

The causes of worms are difficult to name, crude vegetables, imperfect digestion, and a foul, slimy state of the stomach, favor their development.

FREEMAN'S ANTHELMINTIC

Worm Powders.

AN INFALLIBLE REMEDY FOR WORMS.

Put up in the form of an elegant little powder, pleasant to the taste and convenient to administer; so agreeable that any child will readily take them. They contain their own purgative, therefore no nauseating cathartics need be given. They are safe and reliable for all ages, and contain nothing hurtful to the most delicate child. *Price, 25 cents.*

I have used several packages of Mrs. Freeman's Anthelmintic Worm Powders, and always prove them to be a most excellent and speedy cure for my children.

Feb. 8, '86.

MRS. ROBT. HAMILTON,
Muskoka, Ont.

We have used Freeman's Anthelmintic Worm Powders for our children, and found them very good. Will have no other remedy as long as I can get them; the children take them easily.

Jan 15, '86.

MRS. E. SMITH,
Dealtown Ont.

DECEMBER, 1887.

While old Jack Frost as king rules over the land,
Keep our household remedies ever at hand.

TIMELY TOPICS.

A malicious story is afloat to the effect that a Toronto girl went back on her lover because he was so bow-legged she could not sit on his lap.

Why is a young lady just from boarding school like a building committee? Because she is ready to receive proposals.

The conundrum of the nineteenth century—woman. We can't guess her; but we'll never give her up. Never!

I have used B. B. B. for purifying the blood and it has done me a great deal of good.

M. J. BOYD,

Feb. 23, 1886.

Huntingdon, Que.

What is the difference between an accepted and a rejected lover?—One kisses the misses, and the other misses the kisses.

I have used three bottles of B. B. B. and I am cured. I had a continued pain in my back and was very weak—with big red spots on my skin, and I may now say that I am like a different man. D. DERBERT,

March 17, 1886.

2246 Notre Dame St.,
Montreal.

When a boy falls into the water, what is the first thing he does?—He gets wet.

What is the best way to raise strawberries? With a spoon.

HAY FEVER.

I have used B. B. B. for Hay Fever for two years. One bottle cured me. I sneezed continually till sick, and had much soreness in my head.

Oct. 27, 1885.

Haliburton P.O., Ont.

What is that which goes up the hill, and down the hill, and spite of all yet standeth still?—The road.

Why is a woman churning like a caterpillar? She makes the butter fly.

What kind of attention do you expect at a hotel?—Inn-attention.

SALT RHEUM.

Two years ago I was afflicted with Salt Rheum. I took one bottle of B. B. B. and was not troubled again the whole winter with this irritating complaint.

FREDRICK W. MANGHAN.

Clementsport, Annapolis Co., N.S.

Why are gloves unsaleable articles?—They are made to keep on hand.

The bleeding human heart which was found hanging from the springs of a car that arrived in New Haven yesterday was probably beating its way.

Little girl, looking at a picture of Eve—"Ma, did Eve live at the seaside?" "Why, no, Bessie; what makes you think so?" "She always has a bathing suit on."

MILBURN'S BEEF, IRON AND WINE.

It is well known to the medical profession, that as a blood building tonic, there is no element in medicine of more value than Iron, the effect of which is to strengthen and restore the red corpuscles or nutritive principle of the vital fluid, and is peculiarly adapted to those pale, bloodless conditions that we so often see in the feeble and debilitated, and especially in females suffering from nervous depression, loss of blood, pallor, weakness, fainting and the many ailments peculiar to their sex. For CONVALESCENTS, or during the recovery from exhausting fevers, where the strength lags and the appetite lies dormant, the gentle stimulant of pure Sherry Wine and the nourishing properties of Concentrated Soluble Beef, when flavored to a palatable form, make a most valuable and agreeable source of nourishment, that even the dyspeptic with inability to digest food, may take with pleasure and benefit. Wine that could not be borne in any other form, will be most beneficial as a gentle stimulant in this manner; and Iron that would not be tolerated by the delicate and sensitive, will in this palatable form be quite acceptable to the most critical taste.

Combining Nutrient Tonics with Mild Stimulants and Aromatic Stomachics

The very essentials required in a wide range of debilitated conditions of both sexes and all ages, either in acute or chronic forms of disease.

NOTE.—We desire to call the special attention of physicians and invalids to the fact that we make our own Extract of Beef by a new process, that insures its perfect solubility, and we can guarantee it in every way reliable. Another important consideration is that this combination, unlike many other preparations of Iron and Elixirs of Beef, Iron and Wine, happily possesses a most palatable and **Agreeable Aromatic Flavor**, a great desideratum both to the prescriber and the patient.

Proprietors, . . . Toronto, Ont.

DR. FOWLER'S WILD STRAWBERRY.

I have been cured of Chronic Diarrhoea by the use of Dr. Fowler's Extract of Wild Strawberry. I used about twelve bottles of it and am now entirely free from the disease.

WILLIAM McLAREN,
Aug. 10, '86. Clearwater, Manitoba.

I have used Dr. Fowler's Wild Strawberry for Summer Complaints, and have given it to my friends. It gives instant relief when all other remedies fail. I would not be without it in my house.

MRS. T. BOIL,
Nov. 15, '85. Weldman, Ont.

I have taken Dr. Fowler's Extract of Wild Strawberry and have received great benefit in doing so. I am subject to chills and pain in my stomach during the summer, especially after drinking much cold water. I have also used it for Diarrhoea, one bottle generally curing me.

JOHN W. YARWOOD,
Aug. 26, '85. Tweed, Ont.

As for Dr. Fowler's Extract of Wild Strawberry there is nothing like it. I have a large family and have used it for Bowel Complaints, which it has always cured. I have used it the last three years and my house is never without it.

MRS. ARTHUR LITTLE,
Hillsdale, Ont.

I write to mention how much benefit I have had from Dr. Fowler's Extract of Wild Strawberry in bringing up my family. For Dysentery and for children teething it can not be beaten, giving them immediate relief. It is also for adults a certain cure. My mother has used it in her family for 25 years.

MRS. J. R. JOHNSTON,
Feb. 26, '86. Mount Forest, Ont.

I have given Dr. Fowler's Extract of Wild Strawberry a fair trial, having used it for my children with favorable results.

MRS. THOS. COOLICAN,
Aug. 2, '86. 6 Hope Hill, Quebec.

The well-known drug firm of Ormand & Walsh, Peterboro, write that Dr. Fowler's Extract of Wild Strawberry is one of their "standard summer medicines, and has a good sale." An unfailing remedy for all forms of Bowel Complaint.

"When all other remedies fail" for Bowel Complaint, Colic, Cramps, Dysentery, etc., "then Dr. Fowler's Extract of Wild Strawberry comes to the rescue." Thus writes W. H. Crooker, druggist, Waterdown, and adds that "its sales are large and increasing."

J. R. Bond, druggist, etc., Schomberg, writes, "I have sold medicines for twenty years, and no medicine could give better satisfaction than your Dr. Fowler's Extract of Wild Strawberry." This medicine is the old reliable cure for Cholera Morbus, Dysentery and all Summer Complaints.

Davy & Clark, druggists, Renfrew, write us June 3rd: "We have sold Fowler's Extract of Wild Strawberry for a number of years, and find nothing equal to it, for the purpose for which it is designed." Dr. Fowler's Extract of Wild Strawberry cures all forms of Bowel Complaints incident to summer and fall.

M. F. Eby, Port Elgin, writes: "Your medicines are giving satisfaction to my customers. The Extract of Wild Strawberry is such a standard remedy that it requires no pushing."

Mrs J Mc Nish

In the year of 1878 my wife was taken ill with scrofula. We consulted the best medical aid within reach, but to no avail. She continued getting worse, her hair all fell out, and her head presented the appearance of one continuous scab, which matured constantly. The disease spread to other parts until her body was completely covered. After four years of intense suffering, she was given up by her medical attendants, and after trying a great many advertised medicines without benefit, I was at last induced by Mr. Coombs, druggist, here, to try Burdock Blood Bitters, five bottles of which, with one box of Burdock Pills, cured her completely. We used the Bitters as directed, and also wet bandages with the same, and applied at intervals. This case is considered miraculous, and can be certified to by any leading citizen of our town. I have since recommended the Bitters in a great many cases, and have never known it to fail. I consider it a great boon to mankind, which can only be appreciated by those who have had occasion to use it.

Oct. 2nd, '86.

TORRENCE MCNISH,
Smith's Falls, Ont.

I can vouch for the above certificate in every particular, as I have been an eye witness to this case as stated.

JOSEPH COOMBS, Druggist,
Smith's Falls, Ont.

The above is an excellent likeness of Mrs. McNish, copied from a photograph with which she kindly favored us. From being completely bald, it will be seen that after her recovery her hair grew very rapidly, as it has grown to the length shown, in two years' time.

The Oldest Almanac in the World.

In the British Museum there is an almanac 3,000 years old, found in Egypt, and supposed to be the oldest in the world. It was found on the body of an Egyptian, who had, doubtless, regarded it with as much reverence as he did the Egyptian Bible. It clearly establishes the date of the reign of Rameses the Great, but contains nothing else of value, as in those days Burdock Blood Bitters was unknown.

Pantaloon are worn longer in July than in June—One day longer.

VICTORIA CARBOLIC SALVE.

This Salve is the most wonderful

HEALING COMPOUND

Ever discovered for the perfect and rapid cure of every description of breach of integument, from a simple scratch or bruise to the most aggravated Ulcer, including

Cuts, Wounds, Bruises, Burns, Scalds, Sore Nipples, Broken Breasts, Fever and Scrofulous Sores, Ulcers of all kinds, Abscesses and Boils, Piles, Pimples, etc.,

And Chronic Diseases of the Skin of every description.

PRICE, 25 CENTS.

VICTORIA Carbolic Toilet Soap.

This TOILET SOAP possesses all the well-known antiseptic and disinfecting properties of Carbolic Acid, has a healthy action on the skin, prevents irritation, removes the effects of perspiration, and should be regularly used by families. Cholera, Small-pox and Fever patients should be washed with this Soap; and its use by persons liable to infection will materially prevent the spread of the disease.

VICTORIA Carbolized Glycerine Jelly.

THE LADIES' FAVORITE

For beautifying the complexion, and for removing Tan, Freckles, Pimples, etc., also for Chapped Hands, Chilblains, Frost Bites and Sore Lips.

Price, 25 Cents. For Sale by all Dealers.

DR. BOYER'S GALVANIC FLUID.

FOR EXTERNAL USE ONLY.

This old and popular remedy is still in the market, and is highly recommended for the cure of Rheumatism, Lumbago, Neuralgia, Bruises, Sprains, Swellings, Frost Bites, Headache, Pains in the Joints or Muscles, and for general use as an active electrical or penetrating liniment.

Its effects are truly wonderful in all painful conditions.

Price 25 cents. Sold by all Dealers.

Is Guaranteed to Remove Corns in Five Days Without Pain or Soreness.

There are few persons who have not realized, by painful experience, what it is to suffer from corns; these troublesome growths upon the toes and feet are generally caused by long continued pressure of tight boots, or else by constant friction of ill-fitting ones. A corn is a thickening of the outer or scarf skin, that is thrown up as an effort of nature to defend the part from undue pressure. Corns may be either hard, with a shell-like covering and deeply rooted, or of an inflammatory nature, soft and spongy, and are often the source of much pain and misery. Corns may be effectually removed and radically cured by a few applications of our Chinese Corn Remover. Soft corns may require somewhat longer treatment than others, *proper care being taken to avoid all pressure or friction while using this remedy.* THE CHINESE CORN REMOVER IS POSITIVELY PAINLESS IN OPERATION. Do not use Caustic, Vitrol and other fiery preparations, which inflame the flesh and make a bad matter worse. The Chinese Corn Remover forms a protective coating over the corn, while it softens and painlessly removes the fibres without leaving an irritated ulcer, as is but too frequently the case with many familiar applications.

N.B.—Of course the same boot that first caused the corn would be liable to reproduce it, if again worn. Prepared by

T. MILBURN & CO., Toronto.

Price 25 cents. Five Bottles for \$1.

Keep this Table in your Memory.

In case of drowning use it. By carefully following the directions herein given you may be the means of saving life:

RULES—How to Revive the Drowning or Suffocated.

—1. Treat the patient instantly, on the spot, in the open air, freely exposing the face, neck and chest to the breeze, except in very severe weather.

2. Send with all speed for medical aid, and for articles of clothing, blankets, etc.

RULE I.—To Clear the Throat.—3. Place the patient gently on the face, with one wrist under the forehead. (All fluids, and the tongue itself, ther fall forward and leave the entrance into the wind-pipe free.)

RULE II.—To Excite Respiration.—4. Turn the patient slightly on his side, apply snuff, ammonia (hartshorn), or other irritant to the nostrils, and dash cold water on the face, previously rubbed briskly until it is warm. If there be no success, lose no time but apply the III. Rule following:

RULE III.—To Imitate Respiration.—5. Replace the patient on his face.

6. Turn the body gently, but completely, on his side, and a little beyond, and then back again on his side, alternately repeating these measures deliberately, efficiently and perseveringly, fifteen times in the minute only; (this is about the rapidity of ordinary natural breathing, and therefore merits due attention.)

7. Whenever the patient is placed upon his face make even pressure along the spine, removing it immediately before turning him upon his side again. These movements augment inspiration and expiration, and must be persistently performed.

RULE IV.—To Induce Circulation and Warmth.—8. Continuing the above rules, rub the limbs upwards with a firm pressure and with energy.

9. Put dry clothing upon the patient as soon as possible, the spectators contributing different articles, if necessary, and meanwhile, from time to time, proceed to the V. Rule following:

RULE V.—To Excite Inspiration.—10. Let the surface of the body be slapped briskly with the hand, and,

11. Let cold water be dashed briskly on the surface, previously rubbed dry and warm.

Don't.

Don't go to bed with cold feet. Don't sleep in the same under-garments that are worn during the day. Don't sleep in a room that is not well ventilated. Don't sit or sleep in a draught. Don't lie on the left side too much. Don't lie on the back to keep from snoring. Don't try to get along with seven or eight hours' sleep out of twenty-four. Don't jump out of bed immediately on awakening in the morning. Don't forget to rub yourself well all over with a crash towel or hands before dressing. Don't forget to take a drink of pure water before breakfast. Don't take long walks when the stomach is entirely empty. Don't start to do a day's work without eating a good breakfast. Don't eat anything but well cooked and nutritious foods. Don't eat what you don't want, just to save it. Don't stand over hot air registers. Don't inhale hot air, or fumes of any acids. Don't strain your eyes by reading on an empty stomach, or when ill. Don't ruin your eyes by reading or sewing at dusk, by a dim light, or flickering candle, when very tired.

MILBURN'S AROMATIC QUININE WINE.

"Time tries all things," and everything in existence may be judged from this standard, whether it be good, bad or indifferent. This time honored maxim and unerring rule applies to medicine as well, and when any one article retains its place in the materia medica and its firm hold upon popular favor with the sanction of the entire medical profession and the world of science, as has Quinine, we may be sure that it has withstood the crucial test and justly earned its meritorious reputation. The base of Quinine, which is Peruvian Bark, (or Jesuit's Bark as formerly called), dates away back centuries ago, and yet up to the present advanced age of science it stands without a rival or a parallel in the history of medicine. No efficient substitute for Quinine has ever been found; if there were a substitute it certainly would be employed, as Quinine is usually expensive. The profession and public well know that there is no more prompt, potent and permanent antiperiodic and tonic principle existing in any one medicine than in Pure Quinine. As a febrifuge or anti-malarial remedy it is a specific. Its efficacy

IN BREAKING UP CHILLS AND MALARIAL FEVERS,

and restoring the tone of the general system when debilitated, is well known. It cleans the foul-coated tongue, sharpens the appetite and invigorates both body and brain to a remarkable degree. In moderate doses it is a mild and genial tonic; in larger doses it prevents the return of Ague, Chills, Bilious Fever, Dumb Ague and similar complaints, and fortifies the system against their attacks, imparting both nervous and muscular strength, and quieting undue febrile excitement it taken during the intermission of remitting fevers. In Milburn's Aromatic Quinine Wine none but the purest sulphate of Quinine is employed. This, combined with the choicest of Aromatics to flavor, and the finest Sherry Wine in which the Quinine is perfectly dissolved, render this preparation both agreeable and reliable, and one which can be tolerated without nauseating or in any way disgusting the most fastidious taste of the most delicate invalid.

CHILDREN OR DELICATE FEMALES

may take this Wine with comfort and safety, and it will be found a most grateful and refreshing invigorator and appetizer during convalescence from protracted illness, or in any case of Exhausted Energy. Price, \$1.00.

**T. MILBURN & Co., Proprietors,
TORONTO, ONT.**

THE CLIMAX OF MEDICINE

B. B. B.

The Great System Renovator, Blood
Purifier, Liver and Kidney Regu-
lator, and Health Restoring

Tonic is sold by all
dealers at

ONE DOLLAR PER BOTTLE.

Remember the trade mark is **B.B.B.**
Beware of Counterfeits and
Bogus Imitations. Be sure you get the
genuine, and take no other.

CAUTION.

Every good and valuable production is more or less imitated with fraudulent counterfeits. In purchasing Burdock Blood Bitters, the public should bear in mind that the only original and genuine medicine of this character is prepared solely by T. MILBURN & Co., Toronto, and FOSTER, MILBURN & Co., of Buffalo, N.Y., are our authorized agents for supplying the American trade. All other preparations, however similar in appearance, are infringements on our rights. Remember **B B B** is our special trade mark to designate Burdock Blood Bitters, and it is so recognised by the wholesale and retail dealers of both countries. We ask it as a special favor from any person who has bought through mistake, or has been offered (by any dealer) a medicine bearing any similarity to ours, either in name or appearance, to report the same to us. This injunction applies alike to Canada and the United States.

T. MILBURN & CO.

TORONTO, ONT.

Having used Burdock Blood Bitters for biliousness and torpid liver with the very best results, I would recommend it to all who are thus troubled. The Bitters are worth their weight in gold.

Sept. 8, '86.

TILLIE WHITE,
Manitowaning P.O., Ont.

The man with a boil on his cheek would like to throw his phizache to the dogs.

DR. LOW'S

Pleasant Worm Syrup.

This agreeable, safe and effectual remedy for Worms has attained a world-wide popularity, and from its extensive use HAS SAVED THE LIVES OF THOUSANDS OF CHILDREN. It is *strictly vegetable and positively safe*, and so pleasant to the taste that a child once taking it will ask for more. Convince the child of its agreeable nature by first taking it yourself. It is free from Castor Oil, Calomel, or other nauseous, sickening and hurtful drugs. It is impossible for Worms to remain when this Syrup is given so freely as to act upon the bowels. It possesses valuable alterative properties, rendering it a mild purgative, valuable even when there are no worms to destroy. *No other cathartic required during its use.* It destroys the worms entirely, at the same time its cathartic action drives them out of the system. A single bottle has frequently destroyed from 100 to 200 worms. Tape Worms of 16 to 35 feet in length have been expelled by the use of this great Worm medicine. Worms prevail mostly in children, but the frequent use of this Worm Syrup as a laxative has expelled large numbers of worms from older people, where the cause of ill health was not suspected. Again this remedy frequently destroys all species of ordinary Worms, that they pass from the bowels the same as any thoroughly digested meat or animal matter, and are consequently unnoticed. Some of the common indications of Worms are: Pain of a gnawing, twisting nature in the stomach and bowels; nausea, bad breath, pale pasty appearance of the countenance; itching of the nose, paleness of the lips, voracious or variable appetite, grinding the teeth, disturbed sleep, twitching of the muscles, hectic flushes upon the cheeks, a feverish condition of the body; undue collection of slime or mucous, in which Worms best thrive, peevish temper, often convulsive fits, bloating of the bowels, irregular pulse, languor and debility, often a wasting of the flesh, etc. Sometimes only a portion of these symptoms occur. Worms frequently cause fatal convulsions.

There are several varieties of Worms; the most commonly troublesome are the Thread or Pin Worm, the long round Worm and the Tape-Worm.

Dr. Low's Pleasant Worm Syrup, sold by all druggists, *Price 25 cents.*

"MUCH IN LITTLE."

BURDOCK PILLS

Or Small Sugar-Coated Granules.

These elegant little sugar-coated grains are designed not only as a perfect and reliable family cathartic or laxative pill, but also to aid Burdock Blood Bitters where the system is very foul or bilious, and to prepare the system in obstinate chronic diseases for the more rapid and thorough work of the Bitters. Being in the form of **LITTLE GRAINS, HIGHLY CONCENTRATED AND STRICTLY VEGETABLE**, they replace the old nauseous bolus and large pills, so objectionable to many. Little Burdock Pills work upon the Bowels and Liver, carrying off the bad bile and regulating Constipation in the most perfect manner.

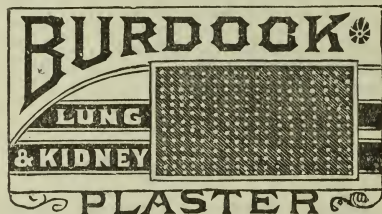

Price 25c. per Phial, or 5 for \$1.

Burdock Healing Ointment.

An Invaluable Dressing for all Sores, Ulcers, Old Wounds hard to heal, and for all the purposes of a perfect Ointment.

Purely Vegetable, Cleansing Soothing and Healing.

Price 25 cents, or 5 for \$1.

One of the most elegant and perfect Porous Plasters made, for Weak Back, Weak Lungs, Pain in the Back or Side, Kidney Complaints, etc., etc.

Price 25 cents. Sold by all Druggists.

Be sure you ask for Burdock Lung and Kidney Porous Plaster, and take no other. Every Plaster warranted to be one of the best mechanical supports, containing medicinal virtues that are absorbed through the skin to strengthen the muscular system, imparting a warm tonic effect to the diseased parts of the chest, side or back.

THE CHESTNUT TREE.

BY O. P. DILDOCK.

Under
the spreading
chestnut tree the vil-
lage blacksmith stands; a brave
and brawny man is he, with wit at his
command. He sings as he the anvil strikes,
the blazing fire he pokes. He is a man with strong
dislikes for stale old chestnut jokes. And to the nag
he never says—as oft he sets the shoe, even on the
melting days—"Is it hot enough for you?"
Though on the strike, a peaceful man—he ne'er
will raise his paw any irony to plan against
his mother-in-law. He undertakes most any
work, e'en though it tires the maker, the
felloe ne'er was known to jerk a joke
on the undertaker. A spokes-
man for the public weal
his wagging tongue
ne'er rolls a dash
of slander
that would
steal from
the man who
weighs his
coals. In
winter he
will never
sleigh the
gay and
wealthy
plumber, or
the ice man
give a weigh
on the re-
turn of sum-
mer. A pil-
lar of great
strength is
he, although
he ne'er
takes pills,
and never
jokes, makes
light or
free about
long doctor
bills. On

slippery banana skin the blacksmith never trod;
ne'er suffered from a squalling twin or a man with
lightning rod. His word is good as any note, this
man he deals in facts; the book agent's cheek he
never smote, or sat on carpet tacks. He had dys-
pepsia in his time, but knocked it all to fritters. If
thus you are troubled—to end this rhyme—like him,
take Burdock Bitters. Then you will be as healthy,
your blood as pure and free, as the sap which gives
the vital strength to the spreading Chestnut Tree.

Overheard yesterday in a Madison Avenue car—
"I tried to kiss my wife at the front door to-night
as I was leaving home, and do you know she
wouldn't let me. She said she didn't want the
neighbors to be taking her for the hired girl!"

School Teacher—"What is a substantive?" Mickey
(son of the leader in the Sixteenth Ward)—"It's a
man what goes to the convintion whin you can't go
yourself."

Annette—"Mother, do please buy me a new doll;
my old one is quite ashamed when asked its age."

A poet sings, "How shall I paint my sweetheart?"
If she's black paint her white by all means.

It is easy enough for a politician to tell the truth,
but he finds very little use for it.

VICTORIA COMPOUND SYRUP of HYPOPHOSPHITES.

**The Great Vitalizer, Nutritive and
Nerve Tonic,**

Supplies the nutritious elements of Blood, Brain, Bone and Muscle ; restores Nervous Energy when lost by imprudence or excesses, enriches the Blood and strengthens the system when debilitated by exhaustive discharges.
